FEAR CHATHAM

BOY IS DROWNED

Chatham, N. B., Jan. 6.—(Special)—Men are graving under the ice alongside the wharf in an attempt to find the body of a boy named Allen, aged seven years, who has been missing since yesterday afternoon. When last seen he was playing on the ice near the wharf.

EXPENSES OF RUNNING CITY ARE PILING UP

A Look Back Over Ten Years Shows That Appropriations for Some Departments Have Been Doubled—It's Starting

A NICE 10 YEAR RECORD

Table with 2 columns: Year, Streets, Fire, Police, Light. Rows for 1901 and 1911.

In dealing with the estimates of the civic departments at the treasury board last evening the chairman commented on the fact that the appropriations asked for now were almost double the amount of ten years ago. There was considerable discussion as to the reason for such an increase and it was claimed that the increase in salary granted to employees in the departments were largely responsible for the advance.

Following is a statement of the warrants in the departments of streets, fire, police and light for the years 1901 to 1911 inclusive:—

Table with 2 columns: Year, Streets, Fire, Police, Light. Rows for 1901 and 1911.

It will be seen from these figures that the appropriations for fire and police are practically double what they were ten years ago. The street department shows an increase of \$22,200 and the light department of almost \$5,000.

Mayor Frink, in commenting on these figures last evening said it was a startling condition of affairs.

APARTMENT HOUSE IS TO BECOME FACT

What the Plans for New Prince William Street Project Reveal—Company Being Formed

Arrangements have been made for the immediate formation of a joint stock company with a capital of \$40,000 to take over the New Victoria Hotel property in Prince William street and convert it into a four-story apartment house. Plans have been prepared and it is proposed to start early in the spring and make all the necessary changes during the spring and summer months so as to have the building ready for occupancy in the fall.

L. P. D. Tilley, who is promoting the project, told a Times reporter that a great deal of interest had been aroused since the first announcement regarding the scheme and he does not expect any difficulty in raising the stock or in renting apartments or rooms in the house when the alterations and changes are completed.

The front of the ground floor will be completely changed, the plate glass windows being taken out and smaller windows put in, so as to take away the hotel appearance. There will be an entrance from each side of the building by double doors. In the north side, the entrance will open into the rotunda, a large square room, with open fire place. This room will be fitted up homelike and comfortable and will be used for a general meeting room or public room for all the tenants. At the top of this room, where the hotel writing room was located, will be a smoking room and at the rear will be a private office, a general lavatory and storage rooms for the trunks of tenants. The furnace room will also be in the rear.

The second floor will contain a suite of four rooms and bath on the front, and a three-room suite in the rear and along the rear. On this floor also will be the ladies' reception room. The fourth floor will be the same as the third, except that there will be an extra bedroom in place of the reception room. Altogether there will be thirty-five rooms for tenants and it has been decided to rent them in suites or separately according to the demand.

It is probable that while under the supervision of the company, the dining room will be leased to a lady matron who will be in charge of the building. The tenants will be able to get any or all of their meals in the building if they desire to do so. Private parties could also engage the dining room for supper parties, after the regular hour.

The prospectus of the company, now prepared and worked out, claims a yield of 7 per cent, with something carried over to the next account.

REALIZING AT CITY HALL THAT THINGS MUST BE CHANGED

Some of the members of the city council have apparently come to a realization that a change in the system of civic government is desirable and are casting about for a solution of the difficulty. Some favor a return to the ward system of election and some are for reducing the number of aldermen but there seems to be a strong feeling among the citizens that a more drastic change is needed.

FIRESIDE CLUB

The monthly meeting of the Fireside Club was held last night and William McIntosh read a paper on the stone age of New Brunswick.
