

RECLAIMING A WIFE.—John Francis, a  
felony convict, who had been in the  
Penitentiary for some time, was  
released on the 15th of January, with a  
young woman named Thomas Elliot, and  
her mother, taking also all the silver, linen  
and other articles of the house. Arriving in  
New York on the 9th of February, six days  
later the guilty pair. Julia went at once to  
a police headquarters and obtained a war-  
rant for her carrying away his goods. In the  
meantime, Thomas and Annie had taken up  
their quarters 65 Broadway, where they were  
discovered by the detective living as man and  
wife. Being arrested, Annie was given her  
release by Judge Hogan of returning with her  
husband, who was ready to forgive her, or ha-  
ving her transported sent to prison for five  
years, and she decided to take the former al-  
ternative. The reunited couple accordingly  
left the court as happy as newly married birds.

House-huntling shrinks when it gets  
to hot water.  
In an Ottawa despatch to the Halifax  
Chronicle we find the following:—  
"Sir Francis Hincks submitted his currency  
resolution, which provides that after the first  
of July, 1871, the currency of Nova Scotia shall  
be the same as the other provinces of the  
Dominion.  
"That the currency shall be such that the  
British sovereign shall be equal to four dollars  
eighty-six cents and two thirds.  
"That payments on all agreements prior to  
the above date be made by equivalent sums in  
Canadian currency, that is to say 75 cents  
Nova Scotia currency by 75 cents Canadian  
currency.  
"That silver coins now current in the other  
provinces shall be current in Nova Scotia at  
the same value."

A poor soldier in New Hampshire, who, after  
three applications, succeeded in getting \$100  
county, sent at once \$10 to an uncle who had  
died when he was in a desperate  
case. A few days ago the uncle died, and by his  
will left the almost penniless soldier all his estate,  
valued at \$200,000, giving as his reason for so do-  
ing that he had many times lent money to his  
clatives and be alone had repaid him.  
—Bangor is to have a grand masquerade ball  
on the 14th inst.  
—Congress has passed a Bill repealing the  
duty on coals.  
—The town of Lindsay has voted \$23,000  
for local improvements.  
—Several cases of agrarism are reported  
to have occurred in Ireland.

### THE QUEBEC & NEW BRUNSWICK RAILWAY COMPANY, AND THE NEW BRUNSWICK RAILWAY COMPANY, (From Fredericton and Woodstock to Riviere du Loup)

TOTAL AUTHORIZED SHARE CAPITAL \$3,500,000,  
Divided into 350,000 Shares of \$10 each.  
In addition to the Share Capital, power is re-  
served to borrow to the extent of \$15,000  
per mile in Mortgage Debentures  
bearing six per cent. interest.

### PROSPECTUS.

THESE COMPANIES are formed for the pur-  
pose of constructing, under charters grant-  
ed by the Dominion of Canada and the Province  
of New Brunswick, an important commercial line  
of Railway from Fredericton and Woodstock to  
Riviere du Loup, so as to form a continuous line  
from Western Canada and the St. Lawrence to  
the City of St. John, New Brunswick.  
It will be a continuation of the present system  
of Railways in New Brunswick, connecting with  
the Canadian, and North American, and Frederic-  
ton, and the New Brunswick and Cana-  
da, and Woodstock Railways, the Grand Trunk  
and Intercolonial Railways at Riviere du Loup.  
(See Map.)  
The distance to effect the connection between  
Woodstock and Riviere du Loup is about 189  
miles, the total distance to Fredericton being  
about 222 miles; or, together with a branch to  
Woodstock, 240 miles.  
Surveys have been made of the route, and esti-  
mates prepared, in which it has been ascertained  
that the cost of construction will not exceed  
\$25,000 per mile.  
The Legislature of New Brunswick and Quebec  
have granted in aid of the undertaking the munifi-  
cent donation of 2,400,000 acres of Crown  
Land, to be given to the Company as the Rail-  
way is proceeded with, from the Counties through  
which it runs.  
This aid is expected to be supplemented by sub-  
scriptions of stock from the Counties along the  
route, as well as from the City of St. John.  
The commercial advantages of this undertaking  
are as follows:—  
I. It is (as declared by the Montreal Board of  
Trade) the shortest and cheapest route for freight  
from Western Canada to the Atlantic at Saint  
John where there is an open harbor all the year  
round.  
II. It is the most direct route to Quebec for pas-  
sengers and to Europe, either by way of St.  
John, or by Annapolis and Halifax.  
III. The distance from Quebec to St. John via  
this route is shorter than by any other route  
being per intercolonial Railway, 673 per Western  
Extension, 606 per Sherbrooke line, 445,  
and by this Railway, 420 miles.  
IV. It will connect with Quebec the terminus  
of the Northern Shore Railway, the Canada Central,  
and all lines of the Eastern Railway, making Saint  
John the great port of the shortest Pacific line  
on the continent.  
V. The maritime provinces of New Brunswick  
and Nova Scotia depend principally for flour and  
other articles of consumption upon Western Cana-  
da, and nearly all this traffic will come over this  
railway, because in addition to the shortness of  
the route, it will avoid the necessity of forwarding  
in bond through the United States, and also extra  
handling, transshipment and insurance. There  
will be a return traffic in West India produce,  
European and other imported goods, &c.  
VI. The local traffic will be remunerative, the  
proposed line passing through a comparatively well  
settled and prosperous district, especially  
timber and other raw materials for manufactures,  
and well developed agricultural resources, cap-  
able of sustaining a very large population.  
VII. The lands granted by New Brunswick will  
immediately produce by sales, leases, and timber  
rights a revenue to the Companies apart from  
the traffic of the Railway.  
VIII. It is estimated that the increased value of  
these lands will redeem the debentures, leave the  
Railway unencumbered in the hands of the share-  
holders, and at \$250 per acre pay for the cost of  
the Railway.  
IX. It is intended to import laborers to work  
upon the Railway, to whom will be given free  
grants of land upon condition of settlement.  
X. It is also the intention of the Company to  
imp art and induce settlers in every possible way,  
by sales of lands at low rates and long credits, thus  
realizing profits from the land as well as from the  
Railway.  
XI. The Traffic, estimated from existing data  
and returns from other Railways under similar  
circumstances, is as follows:—  
Local Passenger Traffic \$110,000 per ann.  
Through Passenger Traffic 20,000 do  
Mail and Sundries 20,000 do  
Through Freight to Canada 144,000 do  
Return Freight to Canada 100,000 do  
Traffic in Lumber 150,000 do  
In Farm Produce 60,000 do  
Supplies, &c., to St. John, S. 80,000 do  
St. Andrews, &c. 80,000 do  
Total Receipts \$789,400 do  
Or \$3,400 per mile of Railway.  
XII. The working expenses are estimated at 60  
per cent. of the above sum or \$473,640, thus leav-  
ing \$315,760 net earnings. \$216,000 per ann.  
will be required to pay the interest of the  
Debentures, being a balance of \$100,000 to the  
shareholders. An addition of only \$44,000 to  
this amount, to be derived from Land and  
Timber Revenues, would give the shareholders a  
dividend of 6 per cent. The average net earnings  
on all the Canadian Railways being about \$2,000  
per mile, there is no exaggeration in the above  
account.
