

ASEPTO PREMIUM PLAN ADVANTAGES

Talk No. 4.

Why a cash discount is not equal to our premium. We do not make any money on premiums. We give a \$5.00 premium when you have purchased \$25.00 worth of goods from us. It would be an impossibility for us to give \$5.00 in cash off of \$25.00. Yet the premium you select from our store cannot be bought for less than \$5.00 at any store. We buy that premium direct from the manufacturers and save all the profits of the jobber and retailer, a profit that they are justly entitled to, and by that method give you the greatest discount ever known and in addition acquaint you with our Asepto Soap and Soap Powder and over 100 other articles of our manufacture.

The plan is worth investigating.

THE SITUATION IN ST. JOHN AS SEEN OUTSIDE

(Frederickton Gleaner.)
The open break in the camp of the St. John Liberals will probably be temporarily arrested by some sort of compromise between the principals, who are Mr. Pugsley and his grafter friends, Messrs. Moore and McAvity on the one hand, and Mr. Edward Lantulum, ex-M. P., on the other, but it is doubtful if a settlement can be made to include any large number of Mr. Lantulum's friends. It does not appear that the rupture is the result of any disagreement on questions of political policy. It is the outcome of what is looked upon as the selfishness of Mr. Pugsley's grafter friends in controlling the party patronage.

Messrs. Moore and McAvity, of dredging fame, must be content with the exception of what has previously been arranged with the Loggies of Restigouche, another firm of dredgers and packers. Departments of federal government, in placing their orders, must first consult the pleasure of Messrs. Moore and McAvity. They must place the orders where they are instructed, and we do not know of any person who does not believe that they are placed where his commissioners just to men who absolutely ignore the rank and file

and the men who really do the hard work in election times.

Mr. Lantulum demands that this sort of thing be cut out, but this is also followed by his demand that something be done for him, preferably the reward of a lucrative position, in recognition of his services to the party. Otherwise he will be a candidate in the approaching elections, notwithstanding the determination of the grafters to sidetrack him.

It has been advanced in the past for the greed of the grafters that Mr. Pugsley's personal and political necessities are such and the demands of a few of his friends going, it is about time that the workers in the Liberal party "know just where they are at."

Other friends of the party, just as important workers, if not more so, than Messrs. Moore and McAvity and the Messrs. Loggie, cannot get dredging contracts, although quite as well able to carry them out. Others cannot get positions because they are not financially under the wing of those who are in control, and so on.

Altogether, the situation in St. John is one that suggests the existence of an extremely bitter feeling in the party, one that would seem to be making for a break that will result in the ignominious defeat of the selfish local monopolists.

The defeat of the Laurier government will, of course, bring an end to the scandalous graft which has been

practiced in St. John ever since Mr. Pugsley entered federal politics; and to the prudent observer of the political horizon there is no doubt that the time has come when the party must get from power, it matters not what St. John may do under the oft-made promises of harbor improvements and transcontinental terminal facilities.

And it also matters not how the leaders in the present rebellious movement in the Liberal party at St. John are so fully influenced and led by the pledges of Mr. Pugsley and his friends; there will be a large and important element in the rank and file of the party who will argue, after all the years in which its members have been treated with deliberate ingratitude, this is a reasonable time to administer the kick he deserves.

Mrs. Stanley Brant, Deseronto, Ont., writes:—"My little boy, Stanley, 1 1/2 years old took the Summer Complaint and got so bad as to pass blood. I tried everything I was told would be good for it but to no avail until, at last, I tried Dr. Fowler's Extract of Wild Strawberry, and I am glad to say I only gave him a few doses of it before he was cured."

TOBACCO CO. MUST KEEP NARROW PATH

The Re-organization of the American Tobacco Co. Will be Carried Out Under Surveillance of U. S. Courts.

New York, N. Y., Aug. 3.—The U. S. circuit court under whose surveillance the American Tobacco Co. will work out its dissolution, handed down this afternoon on the mandate of the federal supreme court an order outlining the conditions under which the company may perfect a plan for dissolving. A clause in the order enjoins the defendants from doing any act which further enlarge and extend the power of the combination prior to its disintegration.

The order was handed down by Judges Lacombe, Ward and Noyes, following a conference among them. Attorney General Wickersham, S. District Attorney Wise, counsel for the American Tobacco Co., the British American Tobacco Co., and the United Clear Stores Co., the conference was held behind closed doors, which did not however, shut out the sound of voices raised to an unusual pitch time to time for the last two hours and at its conclusion the three judges spent another two hours in drafting the decree.

Preliminary plans of the disintegration of the American Tobacco Company were submitted by its counsel and discussed by lawyers in the company. The decree expressed no opinion regarding them, however.

After reciting the decree of the supreme court, the circuit court serves notice that it will tie up the company's embroilments or appoint a receiver, as ordered by the higher tribunal, should counsel fail to submit an acceptable plan of dissolution by December 30 next. Wickersham's statement, if the circuit court should grant an extension of this limit.

Leave is given counsel to apply for specific directions in regard and also to any party to apply from time to time for relief, "which may seem in conformity with the judgment of the supreme court." Counsel in the case regard the decree as enjoining and the other defendants from extending their business by the opening of new stores, or by contracting for unusually large quantities of supplies during the life of the American Tobacco Company.

RECIPROCITY BOOSTERS IN NORTHUMBERLAND

Special to The Standard.
Chatham, N. B., Aug. 3.—G. W. Chatham, M. P., C. E. B., and W. S. Loggie, M. P., spoke at the first Liberal meeting of the campaign held tonight in the opera house. There was an excursion on the river this evening and most people preferred the cool sail on the river so that the attendance was very slim when the meeting opened. Mr. Loggie spoke for an hour and a half and made claims for reciprocity which, if true, would benefit the benefit to Canada and nothing to the States. Mr. Loggie spoke very briefly.

AD. MEN HAD CLAM BAKE.

Boston, August 3.—Following a busy convention day the 3,900 delegates to the seventh annual meeting of Associated Advertising Clubs of America met at the Hotel Marlborough in England and had a clam bake and shore dinner.

MOTOR BOAT PARTY IN FATAL ACCIDENT.

Ozdenburg, N. Y., Aug. 3.—While entertaining four friends today in a motor boat near Huckleberry Island on the St. Lawrence river, Alexander Harris set fire to the craft by striking a match to light his pipe. Flames from the resultant explosion of gasoline in the boiler to the water's edge and resulted in Harris' death. The five men clung to the boat's edge as long as they could, dropped off when the fire got too hot and started for the shore, but one, who could not swim, was drowned in eight feet of water. He was 30 years old and leaves a wife and three small children. Searching parties are grappling for his body.

RAILWAY MAN A SUICIDE.

El Paso, Texas, Aug. 3.—John H. Conlan, 50 years old, at one time vice-president and general manager of the Chicago, Rock Island and Mexican Railroad, was found dead in a room in the Roberts Banner building here today, with a bullet in his heart, evidently self-inflicted.

CUBAN REVOLUTION QUICKLY SQUELCHED.

Havana, Aug. 3.—General Acevedo and his handful of men who attempted a revolution starting out from Regla Monday night, were still at liberty today, but the government knows the leader's hiding place, and is confident that he will surrender or be captured before night. The reported uprising at Jaruco, 24 miles east of the capital yesterday, is now declared to have been confined to the operations of two notorious horse thieves. According to official reports conflict continued in all parts of the island.

FIFTY YEARS IN THE PRIESTHOOD.

Ozdenburg, N. Y., Aug. 3.—Plans for the celebration of the golden jubilee of Bishop Henry Gabriel's ordination to the priesthood, announced today, include the attendance at the ceremonies of five hundred church dignitaries. Among those who have accepted invitations are Cardinal Gibbons, Monsignor Falconi, the papal delegate, Archbishop O'Reilly, of New York, Gauthier, of Ottawa, and ten bishops. Monsignor Lynch, of Utica, will make the chief address.

M. Grattan O'Leary, of the Ottawa Evening Journal staff, is visiting friends in the city.

CONSERVATIVES CONFIDENT OF SWEEPING COUNTRY

Mr. O. S. Crockett Returns from Ottawa, and Speaks of the Tone of Confidence that Prevails Throughout the Conservative Party Regarding the Result of the Coming Elections.

Frederickton, August 3.—Oswald S. Crockett, M. P., arrived in the city at noon today from Ottawa with the brightest message he has ever brought to the Conservative party in York County.

"The Conservatives are confident of sweeping the country," declared Mr. Crockett. "The party were never so optimistic and hopeful. They are confident of sweeping the country on September 21st, and it is simply impossible for the Government to survive."

"Even in the West, where there has been so much talk that reciprocity would sweep the country, the Winnipeg Free Press, the leading organ of the West, admits that the best the Liberals can hope to do is to make a gain of two seats."

"The Conservatives are confident of pulling up the biggest majority of seats in Ontario in its history," continued Mr. Crockett, "and the outlook in Quebec could not be brighter. The Government are up against it and they know it, too."

"Why, there wasn't a Liberal member of Parliament who would bet on the Liberals securing more than one seat in British Columbia and, in fact, they practically concede that entire province to the Conservatives, while in Manitoba the Liberal members are only counting on winning four seats."

"Everything points to a slaughter of cabinet ministers, and they will be kept busy fighting for their lives in their own constituency," declared Mr. Crockett. "The defeat of Templeman and Oliver, unless they retire, is practically conceded, and Fielding is sure to have trouble to get elected in Nova Scotia, while Paterson, Graham, King and Aylesworth do not hold a safe seat in Ontario among them."

"The Conservative members in Parliament received the word of dissolution with great satisfaction," declared Mr. Crockett in conclusion. "It was exactly what they had started to force the government to do some time before; we wanted to make the government submit the reciprocity question to the people. It was evident last week that we were within a few days of dissolution, but the government broke up in a panic and on Friday night it was expected that the House would be dissolved on the following day. They wanted to shut off the Oliver enquiry and some other matters and that accounts for the unexpected quick dissolution."

NOTHING DOING IN THE MELON EATING LINE TO PETTY UNFAIRNESS

Water Melon Eating Contest, in St. Philip's Church, Last Evening, Did Not Materialize --No Competitors.

Whether the weather was too warm or the press agent did not give enough publicity for the great watermelon eating contest in St. Philip's church last night, there is one thing certain that the affair was a decided frost despite the fact that the few in the audience paid ten cents each for a long wait for something that they did not expect to see or eat.

It had been announced that the principal event of the evening's entertainment would be a watermelon eating contest, and this alone should prove an interesting amusement.

At eight o'clock there was only the furniture and the clergyman in the church, while at the door stood Mr. Stewart anxiously waiting to collect a dime from each person who wished to enter. There was a table in the church with a snowy white cloth on it, also to be seen were two large watermelons, as well as bananas and oranges. It was the intention to have some of the folks join in the eating contest, but there were no contestants and a very small audience to see them if there had been any.

When the time came about ten white people entered the church and shortly after about ten colored people took seats. There was apparently no programme and the silence was broken by Charles Hamilton who for about ten minutes gave an organ recital which was highly appreciated.

Then the St. Philip's pastor, Rev. Mr. Pearson arose and stated that those who were to take part in the contest had not arrived. The reverend gentleman then launched out on an address which had as its point that the English speaking people could defeat the world should war be declared. The clergyman spoke with much vim for about a quarter of an hour.

After the address there was an endeavor made to have a couple of lady church members sing, but as they could not work well with the organ this part of the programme was called off.

The audience then dispersed and the water melon was held sacred.

The proceeds of the entertainment amounted to between one and two dollars.

LIBERALS RESORTING TO PETTY UNFAIRNESS

Continued from Page 1.

Another piece of petty unfairness has been encountered by Conservative campaigners. At the printing bureau the practice is to send out the lists in alphabetical order, Algoma first and Yukon last. But ministers get theirs ahead of others, thus Mr. King has Waterloo and Mr. Brodeur had Houville ahead of the others.

Yet another trick comes to light. On the last day of the session Sir Wilfrid Laurier turned down papers relating to the imperial conference and more especially dealing with the naval and military agreements. It was pointed out that there should be a wide distribution of these and on being urged the government agreed to the imperial blue book, papers, etc., being reprinted.

The dissolution puts the matter of the control of the House, and puts matters in this position—that Conservatives will not have ready access to the documents and the government will be able to make what assertions they choose.

A sample of the misrepresentations to be expected in the manner in which Sir Wilfrid Laurier's Quebec organ, in advance of publication, twisted a perfectly natural arrangement of printing stations to the Canadian ships into an establishment of "free maritime zones"—whatever that might mean. The idea was to suggest some kind of neutralization which had not been provided at all, thereby showing the premier's will rather than his powers of accomplishment.

Mr. Borden has made a slight change in his plans. He will not, as intended, go to Toronto on Saturday, having engagements which will keep him in Ottawa. The details of his Ontario tour will be arranged in Toronto.

A curiously large number of ministers are in trouble over their seats. Today brings word that Hon. Charles Murphy's road in Russell is becoming rocky. George McLaurin, who has pulled off last time to make room for Mr. Murphy, is set upon running this time and is determined if he goes to the convention at all to refuse to withdraw. Today he was waited on by a large delegation of Russell Liberals and urged to run.

W. S. Fielding and Hon. Frank Oliver at the Cabinet meeting at which

GERMAIN STREET IS NOT PLEASED WITH PAVEMENT

Residents are Not Altogether Satisfied, but will Not Refuse to Pay Their Share of the Cost.

Although the city paid the Haseam Company sometime ago for the work on Germain street, it has not yet collected from the residents the one-half of the expenditure incurred, which they are supposed to pay, and it is rumored that some of the residents may object to pay their share on the ground that they did not get the kind of pavement they asked for or expected.

A resident of the street stated yesterday that many were dissatisfied with the pavement, but that the city had not assessed them as yet for half the cost, and he knew of no concerted action to refuse paying their share. He did not think anything would be done till the city sent "in" its bills. They would have no objection in going to City Hall now and paying over their portion of the cost, as they would not get five per cent.

It is understood the matter of assessing the residents for their share of the cost was discussed at the private meeting of the Treasury Board yesterday, but what was done about it could not be ascertained.

NOTHING DOING IN THE MELON EATING LINE TO PETTY UNFAIRNESS

The root of the trouble was the attempt Hon. Mr. Oliver made to have the portfolio which Sir Frederick Borden will soon vacate go to his part of the Dominion, and not to E. M. Macdonald, of Pictou, N. S. Nova Scotia had up till now held the portfolios in spite of the decrease in population in that province, and moreover Mr. Oliver demanded that the next Minister of Militia be a Westerner because this was needed to counterbalance the failure of the government to provide distribution for the West when the West wanted it so badly.

RANGED AGAINST MR. OLIVER.

Mr. Fielding ranged himself against Mr. Oliver. A number of the other ministers took sides with Mr. Oliver but Mr. Fielding, who backs in the favor of the premier, carried his point. Mr. Oliver's influence had been inculcatedly weakened because of the graft charges for which he has been the mark of late and which have also also weakening effect on the Government. The victory was not won, however, without a bitter war of words. It is said that the contest waxed so warm at one point that blows were exchanged and that the other ministers had to interfere to maintain peace. Mr. Oliver left the meeting alone.

A Clever Explanation.

The explanation of his departure, as given upon the cabinet, was that the general opinion obtained that there should be dissolution, but that Mr. Oliver had stoutly insisted that the industry into his conduct be proceeded with as he was determined to show he was clear. This was designed to strengthen him in the west. At the time, it is stated, Sir Wilfrid, feeling it necessary to compel the cabinet to agree to dissolution, threatened to resign if it were not decided upon at that meeting. The story of the dissolution at the meeting came from so unimpeachable a source in the first instance that doubt was removed. Mr. Borden was supported by all who are in close touch with the inner circles at Ottawa.

MR. BRODEUR SEEKING COVER.

Ottawa, Aug. 3.—The presence of Dr. Beland, of Beauce, on Parliament Hill today lends color to the belief that Mr. Brodeur will retire from the cabinet next week. It is said that he will go to the Supreme Court, his portfolio being taken by Hon. Rodolphe Lemieux and Dr. Beland succeeding the postmaster general.
