AROUND THE CITY

Cow at Large.

Lewis Gatzman has been reported by Special Officer Rickwood for allowing his cow to wander at large on the golf links.

Hole in Road.

The police report that there is a dangerous hole in the Spout Cove Road which needs immediate attention from the proper officials.

Horse Wandering.

Police Officer Juray on Saturday evening found a horse wandering about Erin street and he placed the animal in M. M. Baxter's stable for safety.

Without Light.

A. R. C. Clark and Son have been reported by the police for leaving a concrete mixer on Sydney street without a light Saturday evening.

Man Ejected.

Police Officer Dykeman and Leighton were called into the Atlantic Sugar Refinery yesterday afternoon for ejecting a man who was not wanted there.

Cargo for London.

The Furness liner Kanawa, which has been discharging at the Pettigill wharf will shift to No. 3 berth, Sand Point, today to take in cargo for London.

Found by Police.

The police report finding a key on Sydney street and an umbrella on Main street. The owners can procure the same on application to the Chief of Police.

Reported by Police.

James Stevens has been reported by Sgt. Finley of the Western Division, for using profane and abusive language to Ernest Cameron on Watson street, tending to cause Cameron to commit a breach of the peace.

Violated Motor Law.

William J. Cotter has been reported by the police for violating section 8 of the New Brunswick motor vehicle law by operating an automobile through the city streets without a chauffeur's license.

Another Convention Cancelled.

A special meeting of the King's Daughters was held Saturday evening for the purpose of discussing the matter of holding a Maritime Provincial convention. It was decided that owing to the present state of affairs the convention be cancelled for the present. The members decided to take hold and assist in the Red Cross work.

Sunday School Opening.

After having been closed during July and August, the Sunday school of St. John (Stone) church was opened yesterday. There were no special features marked and the attendance of scholars was large. The prospects for a successful winter are bright. Rev. G. A. Kubring is acting superintendent of the school.

The Shenandoah.

The steamer Shenandoah, which is aground on the Navy Island Bar, has had all of her undamaged cargo taken away in lighters. Work will be commenced today to remove the 250 barrels of cement which is in the forward hold. It is said that the cement will be lightered to Sand Point and dumped in the rear of the new wharves.

Was Probably Stolen.

A small brown satchel was found in a yard off Leinster street yesterday by Fred Kelley who handed the same to Detective Kellen. The satchel was cut through the top with a knife and looked as if it had been stolen and opened in this manner. All that had been in the satchel was some bread and it appears that the thief after finding the contents of no value to him threw it into the yard.

Small Boy Badly Hurt.

Saturday evening, Charles Breen, a small boy, was quite badly injured on a Sydney street. With others he was playing about a concrete mixer when the heavy iron chute fell and pinned him to the ground. Willing hands lifted the chute off the boy and the young fellow was placed in J. Fraser Gregory's automobile and rushed to the General Public Hospital. His back was somewhat injured but he was resting well last night and will be able to get around again shortly.

PIE SOCIAL IN AID OF PATRIOTIC FUND.

A pie social will be held at Agricultural Hall, Leech Lomond, on Tuesday, the 15th inst., in aid of the Patriotic Fund.

It will be opened by an address by Com. Wilmore, and Com. Potts will assist of the pies. Dancing will begin at 9 p. m. with a grand march. The committee hopes that many friends of the cause in the city and county will favor the occasion with their presence. The ladies of Lakewood and Ben Lomond are actively interested in the arrangements.

TRADES AND LABOR CONGRESS WILL HAVE MUCH TO DISCUSS

Old Age Pensions, Immigration and other important Questions will be dealt with at Convention opening here next week—President Watters in city.

MINISTER OF MARINE AND FISHERIES HOME AFTER INSPECTION TRIP TO NORTH SHORE AND ALBERT COUNTY.

Hon. J. D. Hazen, Minister of Marine and Fisheries, arrived in St. John late Friday night by automobile after visiting the different parishes of Albert County and Bathurst and Newcastle on the North Shore.

Hon. Mr. Hazen, who was accompanied by George W. Fowler, M.P., at Bathurst Thursday morning, where they were met by representative citizens, and shown the different points of interest about the town. The harbor was carefully inspected and the improvements being made there, came in for much favorable comment.

A visit was made to the site of the new pulp mill being erected by the Bathurst Lumber Co. Good progress has been made on this plant, and the construction of this enormous pulp mill has already had a stimulating influence on the business of that section of the North Shore. The influx of men, who have found employment at the mill, has caused a general boom and several new sub divisions have been opened on the outskirts of the town. Conditions generally have improved and much increased activity along business lines has been assured.

From Bathurst Hon. Mr. Hazen and Mr. Fowler went to Newcastle, where they were met by a delegation of citizens, and an opportunity was given them of seeing the different features of the town. A trip was made to the big wireless station, where Colonel McKenzie and his men were stationed. The transmitting and receiving station was inspected. Col. McKenzie had his men drawn up and the visitors "inspected" them. Extensive progress was noted in all parts of the North Shore, and the people at that vicinity are convinced that a prosperous future is in store for them.

The Minister and Mr. Fowler, then proceeded to Moncton where they were met by Mr. Fowler's automobile and, in this, every parish of Albert County was visited. The people everywhere were enthusiastic over the prospects for the future and there was a general feeling that this section of the country was on the eve of an era of greater development and prosperity.

Hon. Mr. Hazen and Mr. Fowler were both well pleased with the conditions met with on their journey and convinced that the people of New Brunswick have started on a period of development unsurpassed in this part of Canada.

PERSONAL.

Mrs. James Keys of Leech Lomond, accompanied by Mrs. Herbert Keys, will leave this morning on the Governor Dingley to visit friends in Boston and Hampton, New Hampshire.

Mr. and Mrs. A. McN. Shaw, who have been spending the summer at Ramdenac, will leave for Montreal this week.

Mrs. H. H. Scovil will receive her friends at the home of her parents, Mr. and Mrs. G. M. Wilson on Friday afternoon, September 18th.

AMERICAN BROKERS TAKING OPTIONS ON FOX STOCKS.

J. S. Currie, accompanied by a member of a well known firm of California brokers, spent the past month in P. E. Island probing the financial foundations of the fox industry. The stocks of three companies were selected and others are under consideration. The companies selected are The Eureka Fox Co., with an average record of over 100 p. c. in annual dividends, for the past three years; The Willow Hill Silver Black Fox Co., which has paid over \$100,000 in dividends and has a record of pure silver black fox of 257,000. The foregoing concerns own the most prolific, class A, silver black foxes (of the exclusive type) on the island. Along with these two blocks of stock an option was taken on the Banner Fox Co. stock, undoubtedly the most alluring and solid cross-fur proposition. This company owns six pairs of cross-foxes, comprising one pair, the male of which is a beautiful specimen of pure silver black fox and the female is very dark, showing 90 to 95 p. c. silver. Two other pairs show an unusually large percentage of very dark silver, almost equal to the distinct type. The other three pairs show fur estimated at 50 to 70 p. c. silver black. When one considers that the female, of the highest type pair, produced a litter of seven pups last spring, the immense possibilities for profit in the Banner Company can readily be understood. It would not be a surprise to see this company pay over 500 p. c. in dividends, for 1915, as the company's stock issue is only \$24,000 for the six pairs. The best pair is liable to produce 100 p. c. on this capital, alone, leaving the production of the other five pairs to be conjured with at the usual ratio of profits.

Here are presented three of the most solid fox propositions on the island. Prospective buyers should communicate with J. S. Currie, Box 50, St. John, N. B., at once as this stock is bound to be rapidly taken up by the clients of the American brokers referred to.

Social Service.

At the service in Stone church yesterday morning the Rev. G. A. Kubring, preached an interesting sermon on social service work, and pointed out the progress being made in some of the features of this work in St. John. Owing to the Bishop's request that intercessory services be held the previous Sunday, the special service asked for by the local committee on social service had to be postponed for a week.

MONCTON WHERE IN COMPANY WITH CONTROLLER JAMES SIMPSON OF TORONTO AND P. M. DRAPER OF QUINCY, HE WILL ADDRESS A PUBLIC MEETING. THIS PARTY WILL RETURN TO ST. JOHN SATURDAY MORNING.

It is expected that at this convention an attempt will be made to adopt an old age pension scheme. This matter has been discussed at previous conventions in a desultory way, but it is understood that at this convention an interesting report on the question will be submitted, urging action along the lines of the old age pension system adopted in other countries.

The questions of immigration will also probably cause an interesting discussion and measures looking to a restriction of the activities of immigration agents will be advocated.

Some of the Delegates.

Among some of the prominent labor men who are expected at the congress are A. Verville, M. P., Controller Joseph Almy of Montreal, Controller Simpson of Toronto, and Allan Studholme, M. P., of Hamilton. It was expected that there would be a fraternal delegation from Great Britain at the congress, but in view of the war it is understood his trip was cancelled.

Mouthpiece of Workers.

The Trades and Labor Congress which is the legislative mouthpiece of the organized workers of Canada is concerned mainly with the promotion of federal and provincial legislation in the interests of the workers and blocking legislation which it is felt would be inimical to the workers. It usually keeps a representative at Ottawa during the session of parliament to watch the course of legislation and assist the passage of labor bills. At the last session of the provincial legislature it paid the expenses of a representative at Fredericton who was the mouthpiece of the interests of labor. The expenses of the executive work of the congress are borne by a small per capita tax paid by the international unions upon their Canadian membership.

Executive Here Saturday.

On Saturday the members of the executive committee will reach here, and will prepare for the opening of the congress on Monday morning. On Friday Mr. Watters will go to

LOCAL PRIEST HONORED BY THE POPE

Very Rev. W. F. Chapman, now a Domestic Prelate of the Pope's House—Invested with robe.

His Lordship Bishop LeBlanc visited St. John the Baptist church last evening for the special purpose of investing the Very Rev. W. F. Chapman with the purple robe of Domestic Prelate of the Pope's House.

At seven o'clock the Very Rev. W. F. Chapman celebrated solemn vespers in the presence of a large congregation. The celebrant was assisted by Rev. Father McCormack, C.S.S.R., and Rev. Wm. Duke, while Rev. A. J. O'Sullivan and Rev. W. M. Donohue assisted the Bishop.

Immediately after vespers His Lordship delivered an eulogistic eulogy, extolling the virtue of Mons. Chapman, who has upon two occasions acted an administrator of the diocese, and for several years was Vicar General. During his forty years in the priesthood he has done excellent work. His Lordship gave a brief talk on his own recent trip to Europe, Rome, and the Holy Land.

Very Rev. Father Chapman was then invested with the purple robe of a Domestic Prelate, which is an honorary title conferred by the Holy See.

Final benediction followed. The Bishop was assisted by Mons. Chapman as high priest and Father Duke as deacon and Father McCormack as sub-deacon.

PERSONAL SERVICE IN CAUSE OF RELIGION

Rev. Walter P. Dunham appeals to congregation—Points out needs of Church and Sunday School.

In the Church of the Good Shepherd, Fairville, last evening, Rev. Walter P. Dunham preached to a large congregation on the need of more personal service in the cause of religion. During his address, which was given in a forcible manner, Rev. Mr. Dunham appealed strongly for more energy on the part of his own congregation, and pointed out that there was a chance for more personal work. He urged the needs of his Sabbath school and pointed out that more men were needed by all churches in the furtherance of religious life. He asked the parents to be more diligent in the teaching of their children and besides having them attend Sabbath school and church services, there should be personal instruction at home. One hour a week, he thought, was little enough for a child to spend on religious instruction at home.

Don't Read This.

Come to Centenary Church Tuesday and Wednesday evenings, September 15 and 16, at 8 o'clock and hear Deborah Knox Livingstone, the eloquent temperance advocate. These meetings will be held under the auspices of the Provincial W. C. T. U., which is holding sessions in this city this week. The public are cordially invited to be present. Silver collection.

Many Fall Cloths.

Many people remark about the immense stock of cloths for fall clothing that they see as they enter F. A. Dykeman & Co.'s store. The goods were all imported before the war started, and are from the European mills. They consist of fancy tweeds, chinchilla, Astrakhan curl cloth, blanket cloth and in fact every description of cloth that is in vogue. They are selling one particularly attractive line of blanket cloth, every thread of which is pure wool, at \$1.10, fifty-four inches wide and comes in thirteen different colorings. This is an excellent cloth for ballistics coats and also for children's garments.

G. Company.

Members of "G" Company 62nd Regiment will meet at the armoury on Monday evening the 14th inst., at 8 p. m. to hand in their uniforms and receive their pay.

LIEUT. R. F. MACLAUCHLAN.

Baking Day— Oh, What a Difference. Compare the old-fashioned method of making bread—the half hour's hard work of kneading the dough by hand, the unsanitary features, the uncertainty of results—with the modern, easy UNIVERSAL way. THE UNIVERSAL BREAD MAKER does the mixing, and kneading in three minutes, so thoroughly that every particle of starch is burst and the bread becomes firm and white, better bread than can possibly be made by hand.
