COAL STRIKE SITUATION IS MORE HOPEFUL

Negotiations Yesterday So Bright That Premier Able to Leave London.

CONFERENCE WILL BE RESUMED MONDAY

Lloyd George Appealed to Both Sides to Investigate Wage Problem.

London, April 22.—The coal situation has taken another promising turn in consequence of Premier Lloyd George's action in calling a fresh parley and the fact that the conference of the miners' delegates, the largest in the history of the federation, representing a membership of nearly one million men, today voted confidence in Frank Hodges, secretary of the Miners' Union. After adjournment late this afternoon of the conference which the Prime Minister had with the mine owners and the miners' leaders, it was learned that facts were introduced which would be considered over the week-end and would again be the subject of discussion at a further meeting to be held Monday.

Condition Much Better.

The position was considered so hopeful at the close of this conference, which was held at the Board of Trade, that Mr. Lloyd George, who previously had intended to remain in London overnight, started immediately for Lymington, so as to be able to meet Premier Briand of France tomorrow at Dover.

The official report of the board conference shows that the Premier appealed to both sides to come together and investigate the wage question.

Unofficial and unconfirmed reports are current tonight that the government is disposed to agree to a sort of national wages pool, as distinct from a profits pool, and is strongly urging the owners to make a band wage offer. Although the miners are firm on the demand for a national pool, the fact that they have not withdrawn their confidence in Mr. Hodges leaves the hope that a compromise settlement is possible.

Ship Danger Less.

The danger of a tie-up in the trans-Atlantic shipping service, which has been threatened by the announcement of the owners of a thirty per cent. reduction in the wages of the seamen and stewards, has been decreased by the provisional acceptance today on London overnight, started immediately for Lymington, so as to be able to meet Premier Briand of France tomorrow at Dover.
