CAMPBELLTON

Campbellton, N. B., May 12.—The call to Rev. Dr. Drummond B. D. of the town, by St. Andrew's Presbyterian church, Halifax, has somewhat nettled the staid folk of his congregation. One of the elders when shown the report in The Telegraph of the Halifax call, said: "Well, we have a tussle for it before they get him."

Mr. Drummond returned home last evening, and when seen this morning told your correspondent that he had not yet come to any decision in the matter. Mr. Drummond came to Campbellton just before the great fire and during that trying period when the people were compelled to camp upon the hills and worship in the fields, he endeared himself to his congregation and to the people of all creeds by his kindly ministry and devotion. He is the only Presbyterian clergyman in the town who has not been through that trying experience.

Mr. Drummond had a splendid success in his Campbellton church, especially during the last year when more than sixty persons were added to the church membership. A special effort will be made to retain his services in this town.

THE WOMAN'S CORNER

EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL (Domestic Science Lecturer.)

In early May we do not have a great many fruits for pies as those we cannot last season are used and the fresh ones are still on their way. In such case cream fillings may be made, they give a pleasant change and are richer and more satisfying than pies made with fruit—but only for a short time.

Chocolate Cream Pie—Dissolve a fourth of a pint of chocolate in a little hot milk. Have a pint of milk heating in a double boiler and to it add the dissolved chocolate, one-half cup of sugar, yolks of two eggs and three tablespoons of moistened cornstarch. Stir until thick. Bake the pastry shell and put in the custard. Make a stiff meringue, mix again and whites of the eggs well sweetened. Heap this over the top and place in the oven to brown lightly over top.

Coconut Pie—Separate two eggs, one-half cup of sugar, one-half cup of light, add to a pint of hot milk with a tablespoon of moistened cornstarch and a fourth of a cup of sugar. Cook until thick and remove from heat. Add one tablespoon of grated nutmeg, one teaspoon of vanilla and half a pound of grated coconut. This will fill two baked pastry shells. Make the white of the eggs into the meringue, brown it and cool before serving.

Coconut Pie—This filling may be made in the double boiler as any custard is made, and poured into the baked shells or it may be baked in the oven. The latter way is correct.

Line the tin with pastry and fill them with a mixture made with the beaten yolks of four eggs, one-half cup of sugar, a teaspoon of vanilla and a pint of milk. Bake in a moderate oven together until the boiling point has been reached. Bake in a moderate oven about twenty-five minutes.

Molasses Pie—This is always called a children's pie but made after the old-fashioned directions it is rich enough for grown persons too. One of New Orleans molasses, one-half a cup of white sugar, juice of two lemons, three tablespoons of moistened, smoothed flour, two tablespoons of melted butter and one teaspoon each of cinnamon and nutmeg. Mix this well and add the beaten yolks of two eggs and their stiff whites, mix again and bake in the pastry shells about twenty-five minutes. In making this delicious pie you may use vinegar but lemon gives a finer, smoother flavor.

The egg white mixed in an directed manner, the filling gets a light consistency that is very attractive, and enough of the white will fill the top of the filling to brown lightly while the pies are baking and will serve as a frosting.

A few other pies made with custard fillings in the same way chocolate and cream pies are made are lemon, orange, pineapple, banana and mallow cream pie. But an especially delectable pastry is called Frangipani. Pound enough blanched almonds to make four tablespoonsful of the almond paste, chop ten or twelve English walnuts very fine, mix with four tablespoons of sugar, two tablespoons of butter, half a teaspoon of cinnamon, yolks of three eggs, half a cup of water and orange flower flavoring. Thirty minutes in a moderate oven, cool and decorate with a thick stiff frosting. Sprinkle chopped nuts over top.

FASHIONS AND FADS.

The younger set will wear quaint and demure bonnet-shaped hats. Paris suggests silver tulle ribbon in making the bride's bouquet.

The tango costume still plays an important part in the wardrobe. The green garnet of Siberia is among the latest settings for rings.

Soft white blouses are worn with tailored suits. Green still holds sway as a popular color.

White crystal with jet beads are used together. Check and plaid cotton ratines are in great demand.

If you would be in fashion have something with a stripe in it. Stitched patent leather collars and cuffs make a striking effect on coats of velvetin cloth.

Sealies haven't lost a bit of their popularity, either with children or grown-ups. A good deal of very dark, changeable taffeta is seen, especially in afternoon gowns.

The bonded brassiere of transparent material is one of the best for stout women. Light net-top laces continue to have things all their own way in the fashion world.

Lingerie blouses of filmy stuffs and light silks have net settings for the collar and sleeve ribbons. This cutting lo is used on much of the new underwear.

THE LAW SOCIETY EXPRESSES REGRET

Formal Reference to the Death of Mrs. Pugsley and Stewart L. Fairweather.

The St. John Law Society met yesterday afternoon and resolutions were passed expressing the deep regret of the members of the legal fraternity in the death of Stewart Lee Fairweather, a former member of the society, and Mrs. William Pugsley, wife of Hon. Dr. Pugsley, K.C., M.P.

The following resolution was moved by A. A. Wilson, K.C., and seconded by D. Mullin, K.C., and passed by a unanimous vote: "Resolved that the members of the St. John Law Society learn with regret of the recent death of Mrs. Pugsley, wife of Hon. William Pugsley, K.C., a member of the society, and respectfully express to Mr. Pugsley their deepest sympathy with him in his bereavement."

The resolution regarding the death of Mr. Fairweather was moved by J. Roy Campbell, K.C., and seconded by F. R. Taylor. It was as follows: "Resolved that the members of the St. John Law Society place upon record their sense of deep regret at the death of Mr. Stewart Lee Fairweather, formerly a member of the society."

"He was a member of the society for several years but devoted his attention rather to the business of insurance which was carried on by his father, the late Mr. Arthur C. Fairweather, in partnership with his sons, rather than to the practice of his profession. For some time past, owing to ill health, he was not actively engaged in business."

"In his business associations he was highly esteemed by all with whom he came in contact, and in his social relations his engaging and genial disposition secured for him the esteem and regard of his many friends; and his death will be sincerely mourned."

"And further resolved, that a copy of these resolutions be forwarded to the members of his family, with the expression of sympathy of the members of this society."
