the street was supposed to be wide enough; now its narrow street is one of its handicaps. There is not one property holder but would donate ten or more feet gratuitously if it were not for moving buildings. But if Glencoe should grow to become a large city, who would be the result? They would have to do the same as Toronto is now doing with its main street (Yonge), spending millions of money moving large brick blocks back in order to widen the street—the result of not starting right, looking to the future.

Experience has demonstrated that all city property is worth more on wide streets, and now nearly all city engineers are laying out all their streets 86 feet wide; and you will find all the best residences on wide streets.

Mr. Biggs, in his talk in the hall at Glencoe, wisely said that it would pay all the farmers on the highway to donate free for widening the road. All the American main roads are being built 86 feet, and some in California 100 feet. Surely all the Americans, after having experience of state road building and then adopting the 86-foot road, which is also approved by the citizens, cannot be mistaken as seen with the eyes of your last week's correspondent. And in the near future he with all others who live near the Provincial Highway, will point with pride at living near such a magnificent highway—86 feet wide with a row of maples on either side—equal to all the state roads of the United States, of which they boast so much.

FARMER.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to irradicate except through a surgical operation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

Japanese Courtesy.

Social service is manifestly a very real service in Japan, where a most solicitous interest in the welfare of the public is shown even by municipal authorities. "In the most unexpected places," says Miss Mary Page, a Y. W. C. A. worker in Kyoto, Japan, "we find a keen enthusiasm for every variety of service which tends to lighten the burden of living. For instance, when it rains here in Kyoto our police boxes hang out little signs. 'We lend umbrellas,' and the poor, benighted souls who have ventured out without their picturesque rain parasols are sure to find them. 'Free of charge!' on the street corner the other day I saw a bicycle rack equipped with all sorts of tools and pumps labeled, 'Please Use Freely.' Quite in keeping with the general attitude of quaint courtesy is the act of the keeper of grass plots in one Japanese city, who, not caring to hurt his fellow citizens by a peremptory 'Keep Off the Grass,' put up a sign which read: 'Much more better that you go round.'"

Early Risers.

Thomas Smith, an Illinois farmer living southwest of Vincennes, boasted of being the earliest riser in his neighborhood. "I am always up before three in the morning," Smith is said to have told his neighbor, Wilson Bowman. Bowman said he was always up before that time and had a part of his chores done. Smith, thinking his neighbor was a member of the Annals club, decided to do a little investigating on his own account, and a few mornings later got up at two o'clock and went to Bowman's home. He rapped on the back door and Mrs. Bowman opened it. "Where is your husband?" asked Smith, expecting to find his neighbor still in bed. "He was around here early in the morning," answered his wife, "but I don't know where he is now." Smith, thoroughly disgusted, returned home, vowing that he would be careful of his boasting thereafter.—Indianapolis News.

CANADIAN GOVERNMENT ANNUITIES

A Canadian Government Annuity is a fixed yearly income payable by the Government of Canada for life in quarterly instalment, unless otherwise provided. It is a safe and lucrative form of investment for persons of all ages and circumstances, whether for immediate income purposes or as provision for old age. Among the advantages to be obtained from the purchase of a Government Annuity are—
That it is the safest investment that can be made, as it has behind it the security of the whole of the Dominion of Canada.
That it is free from taxation for Dominion purposes.
That it is payable for life.
That it is not transmissible.
That it cannot be alienated.
That it cannot be forfeited.
That it cannot be stolen.
That it cannot be seized or levied upon by or under the process of any law or court.
That it is not affected by the fluctuation of business, or trade depression.

tuation of business, or trade depression. That the purchaser does not have to die to win, but enjoys a personal participation in the fruits of his labor. That the Annuity gets the full benefit of all that his money earns, as the expenses of management are borne by the Government. The postmaster at Glencoe will be pleased to give any information relating to Dominion Government Annuities.

or the United States, ask to have them insured against loss or damage. It costs only a few cents. The limit of weight for a parcel is 11 pounds.

It Will Prevent Ulcerated Throat. At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.
