

SHORT'S

STEEL BARB WIRE

is adopted by railroad track raisers and farmers on account of its SUPERIOR STYLE OF BARB, which passes between the wires, then wound around both, and afterwards galvanized by a PATENT PROCESS, which prevents the barbs from rusting, and consequently when an animal is punctured it will heal quickly and not fester as is the case with rusty and ragged barbs.

SHORT'S STEEL BARB WIRE.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia, and Mandrake, with the Iodides of Potash and Iron, makes a most effectual cure of a series of complaints which are very prevalent and afflictive. It purifies the blood, purges out the humours in the system, that undermine health and settle in troublesome disorders. Eruptions of the skin are the appearance on the surface of humours that should be expelled from the blood. Internal derangements are the determination of these humours to some internal organ, or organs, where they derange, and whose substance they disease and destroy.

AYER'S SARSAPARILLA expels these humours from the blood. When they are gone, the disorders they produce disappear, such as *Ulcerations of the Liver, Stomach, Kidneys, Lungs, Eruptions and Eruptive Diseases of the Skin, St. Anthony's Fire, Rose or Erysipelas, Pimples, Blisters, Boils, Tumours, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea arising from internal ulceration and uterine diseases, Dropsy, Dyspepsia, Emaciation and General Debility.* With their departure health returns. Prepared by

DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. Sold by all Druggists and Dealers in Medicine.

\$60 a week. Terms and \$5 outfit free. Address **Hallett & Co.,** Port and, Maine.

Scientific and Useful.

TO PREPARE BROWN SUGAR FOR POUNDINGS.—Put the sugar in a perfectly dry pan. If the pan is the least wet the sugar will burn and spoil both it and the pan.

TO TAKE INK OUT OF LINEN.—Dip the ink spot in pure melted tallow, then wash out the tallow and the ink will come out with it. This is said to be unfailing.

CURING BEEF.—Four gallons of water, six pounds of salt, four ounces of sugar, and two ounces of saltpetre. Cut up the meat, cover with a weak brine, and let it stand twenty-four hours before covering with the above.

TO WASH OR CLEAN SILK.—Put an old white kid glove in a pint of cold water, and boil till reduced to one half the quantity, sponge the silk with this on the right side, iron on the wrong side whilst damp, with a warm, not hot iron. Old silks and ribbons can be renovated in the most finished manner by this simple process.

TO MAKE YEAST.—Yeast for home-made bread may easily be made as follows: Boil one pound of good flour, one-quarter pound of brown sugar, and one-half ounce of salt in two gallons of water for one hour. When almost cold, bottle and cork closely. It will be fit for use in twenty-four hours, and one pint will make four quarter loaves.

THE "London Lancet" proves that consumption is contagious, by giving some experiments practised upon dogs. The animals were made to breathe, for some hours, air infected with the germs of this disease. After three or four weeks these animals were killed, and their lungs found to be covered more or less with tubercles, and in some cases the liver, spleen and kidneys also.

CHOCOLATE CAKE.—One cup of sugar, one-half cup of butter, four eggs, the whites beaten to a froth, one and a half cup of flour, one teaspoonful of baking powder. For filling, take a quarter of a cake of chocolate, to it add a cup of water, boil then add a cup of milk, and when it again boils stir in a tablespoonful of corn-starch dissolved in a little milk. Boil, then sweeten to taste and flavour.

PUMPKIN PIE.—Mrs. J. E. H. writes: "Some housekeepers think that they cannot make good pumpkin pies without eggs. But most excellent pies can be made without any eggs at all, corn-starch being the substitute used. About one heaping teaspoonful of corn-starch is enough for one pie. Mix it in milk and then add it to the prepared pumpkin. At this season of the year, when eggs are so scarce and high, this is a valuable recipe."

BICARBONATE OF SODA IN TOOTHACHE.—Dr. Dyce Duckworth contributes a short memorandum on the subject. He was called on to treat a case of very severe toothache, and tried various ordinary remedies, including chloroform and carbolic acid, without any benefit to the patient. He then remembered having read that the pain might be relieved by holding in the mouth a solution of bicarbonate of soda. He at once gave the patient half a drachm in an ounce of water, and, to his astonishment, the pain ceased immediately, and complete relief was secured. He thinks that as the remedy is so simple, and the disease so distressing and often intractable, this treatment may be worthy of notice and imitation.

THE USE OF SUNFLOWERS.—Many people look upon the sunflower as a worthless weed, and never dream of the valuable qualities the seeds of this plant possess. For several years they have been used by breeders of fancy poultry as a food for choice birds; in small quantities it is mixed with the other food, and the peculiar properties of the seeds impart a beautiful gloss, which no other grain will give, to the plumage of the adult birds. For those who raise fancy fowls for exhibition, it is essential to perfect success that the plumage should be in perfect condition; and to obtain satisfactory results, we can recommend no more valuable aid than judicious feeding of this seed. It has long been known that the oil extracted from sunflower seeds makes a dressing for the hair which is beneficial, imparting a smoothness and vigour highly appreciated by all who have tried it. It grows very readily, and the poultryman should not forget this cheap, useful assistant to his labours.—*American Stockman.*

When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Purifier, and the result is always satisfactory. Burdock Blood Purifier is the *Quintessence of Pravo* of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents. A dollar bottle may save you many dollars in doctor's bills.
