The Long Distance Feeling Hidden Word Game.

Read through the list of words. You'll find these words in all directions - horizontally, vertically, diagonally, and backwards. Once found, draw a circle around each of the letters of that word in the puzzle, then strike it off the list. Circling it will show

you a letter has been used but will leave it visible should it also form part of another word. When all letters of all listed words are circled, you'll have the given number of letters left over and they'll spell out the hidden word.

Public preschool rally called

A rally calling for a public kindergarten system in New Brunswick by September 1982 will be held Friday, November 20, at 2 p.m. in front of the Centennial Building.

The rally is being organized by OMEP-NB (World Organization for Early Childhood Education). The group is asking that Minister of Education Charles Gallagher amend the New Brunswick School Act so that the right of five-year old children to education will be recognized. They demand that funds for the setting up of the system be voted during the next session of the legislative assembly.

At present, the group says, the government is already financing the training of preschool teachers, citing a figure of 150 graduates from UNB and Universite de Moncton in 1981, who must work in other provinces due to a lack of jobs in N.B., OMEP-NB claims this constitutes "a terrible waste of our human and financial resources."

In 1974 the government promised to set up a kindergarten system for 1976. The Department of Education has available clear-cut studies on the subject as well as the positive results of pilot project and public hearings held in 1975 the group says.

More than 100 organizations including home and school associations, school commissions and teachers' associations have given their support for public kindergartens, OMEP-NB says.
