

21261

We have sustained in not receiving our Payments  
at the proper time, if you do not intend to pay us  
return us our Land and say nothing more about  
it. but as we have signed the Agreement you  
probably will insist upon keeping it, if so, pay us,  
why have we not been paid before?

Father; The People on the other side do not tell you that  
we are deceived, but they tell us, do we (say they make  
promises which we do not fulfil: do we not pay you  
for your lands the moment the payments become due?  
Look at the differences, your Father promises but does  
not perform. This they tell us and we have good  
reason to believe them.
