QUOTE NO. ....

Ottawa, Canada,

September 23, 1932.

The Rt. Hon. Arthur Meighen, K.C., LL.D.,  
347 Bay Street,  
Toronto, Canada.

My dear Mr. Meighen:

Your letter of September 19th reached me during  
my absence from the office.

Since returning I have attempted to get in touch  
with responsible officials of the Department of Pensions and  
National Health with regard to employment for Dr. Joseph D.  
Heaslip, but they have been so busy with the Departmental  
Committee on Pensions that I have not had a satisfactory  
reply. Immediately this Committee finishes its work I shall  
get in touch with the Deputy Minister and the Director of  
Medical Services and let you know their reply.

I believe an Order-in-Council has been prepared  
regarding my own appointment and merely awaits the return of  
the Minister to get it through Council. When this is done  
I shall write you further concerning it.

Kindest regards,

Yours sincerely

NAT. DEF. B440.
