

1920, July 20, 1920.

Sir,-

Referring to your letter of the 1st instant, in reply to the application made by [redacted] for a loan of \$100.00 from Alnwick Band Funds to enable [redacted] to buy a cow, I say that as seemingly this man is not in a position to properly care for a cow, the Department does not deem it advisable to grant the loan requested. You should inform him therefore that a loan will not be made.

Your obedient servant,
