

Pastoral Letter.

To the Members and Congregation :

DEAR FRIENDS,—Another year has passed and brings with its closing our annual statement. It is always encouraging to note progress. Our membership, including Catechumens, now numbers 611, showing an increase after deducting for deaths, removals, etc., of 45. You will be pleased to notice also, through your liberality, there is a reduction in our indebtedness. Let us continue a united church in faith and works. Fidelity in God's service never fails of reward. We shall continue, as in the past, to look for hearty co-operation in all departments of church work.

Make special sacrifices, if necessary, to be present at our mid-week service, Wednesday evening. This service, largely attended, is always helpful to personal religious life, and is also a marked indication of the spiritual life of a church.

Affectionately,

YOUR PASTOR.
