New-York papers brought by mail this morning are to the evening of Saturday last, at which period the steam-ship Liverpool had not arrived.

The packet-ship Oxford, 7th ult. from Liverpool was reported below, but the papers had not been received.

A notice appears in the New York Commer-cial Advertiser of Saturday, signed by L. Du-vernay, for a public meeting in that city of those disposed to sympathise with the Canadian " patriots."

BY THIS MORNING'S MAIL. (From the Montreal Herald of Tuesday.)

(From the Montreal Herald of Tuesby.) Yesterday morning, the Steamer Princess Victoria hrought over seven persons Laken near Napierville in the act of making ball cartridges. A despatch was also received from His Excel-lency Sir John Collorme, dated at Odehtown, but it contained no news of importance. On Sunday evening, the whole of the back coun-try above Lauraine measured the availables. Sunday evening, the whole of the back coun-try above Lapraine presented the awfulspec-tacle of one vast sheet of lurid flame, and it is reported not a single rebel house has been left standing. God only knows what is to become of the surviving Canadians and their wives of the surviving Canadians and their wives and families thang the approaching winter, as nothing but starvation from hunger and cold stares them in the face. It is melancholy to reflect on such awful consequences of rebel-lion, of the irretreivable ruin of so many human beings, whether innocent or guilty. Still, the supremacy of the laws must be maintained inviolate, the integrity of the empire must be inviolate, the integrity of the empire must be descried, pace and security must be secured to British subjects, even at the expense of the past proves that nothing but weeping them from the earth and laying their hobicitons level with the dust, will prevent renewed rehellions south of the St. Lawrence, or renewed invisions from the Americans. From the habitans south of the St. Lawrence, or renewed inva-tions from the Americans. From the babitans north of this city we have nothing to dread, as they can neither assist an invading foc, or fall back upon neutral territory. The Canadians in the rebellious districts, whose houses have been given to the flames, and who have es-caped the bullet, the bayonet or the prison, we doomed to persh in the woods, for in the United States they can expect no assignance. United States they can expect no assistance, and in the quiet districts, however much their fellow-countrymen may desire to assist them, fear of being considered implicated in the in-surrection will have more influence than sym-pathy. The punishment already inflicted has been very severe, but it is not enough. The been very severe, but it is not enough. The hanging of twenty leaders will have more ef-fect than the killing of two hundred men in rest than the string of two bundred men in action; and if any are to be spared from the gallows, they ought to be sentenced to hard labour and chained together macadamising the roads on the Island of Montreal.

There were various rumours current yester-y, but we do not attach much credit to them. Any, but we do not attach much credit to them. A Mr. San Martine, who styles himself "ancien Colonel de PEmpire," has been taker prisoner, while acting as General of the rebels said, was to have been tried yesterday nd it is lelltown. at

We mentioned in our last that at Terra We mentioned in our last that at Terre-bonne, the rebels were forced to disperse by the loyal militia, to the number of about a hundred and fifty, under a Captain Lectere. We have ascertimed that the very reverse is the case, and that the rebels mounted to about that number, and that Lectere was actually one of them. The loyalists numbered nine-teen, and stationed themselves in Mr. Mas-son's house which they forthied a well as they 's house which they fortified as well as they son could. After some delay, the rehels sent messenger to conclude a treaty of peace, messenger to conclude a treaty of peace, on condition of the loyalists giving up some guns which had that morning been taken from the rebels by the police, and of releasing some pri-somers who had been captured the day previous. These terms were complied with, and the rebels dispersed.

The inhabitants of St. Cesaire were sum The inhabitants of SL Cesare were sum-moned on Saturday to unreh on L'Acadie, siong with the other braves on the Richelieu and Yamaska Rivers, and rumours of the most extravagant description were set afloat about the rebel successes and the loyal defeats. We are informed that at SL Cesarier they had not mero than thirty stand of arms, and that the

secrecy with which they manage matters is beyond belief. On Saturday evening, about two hundred rose in arms, yet no one will confess having stirred.

PROCLAMATION.

Patriot Camp, Colwell's Manor, Nov. 5, 1838. Head Quarters of Missiskovi and Richelieu Division.

The oppressed inhabitants of Lower Canada having suffered for more than half a century the iron yoke of despotism from their cruch and haughty conquerors, have determined to ake one more effort to tid themselves of th bloody and vindicity has masters, and to change their form of Government from a mise-rable Colonial vasallage to a free and Indepen-dent Republic. Having for years humbly pe-titioned the haughty menarchs of Greet Bri-tain, and also the Imperial Parliament for a Redress of their grievances, and having to-monstrated with the several Departments of the Home Government against their suspa-tions and oppressions and having warned the people of the United Kingdom that their suf-ferings must, if not redressed, at length drive them to the last resort, their prayers, temo strances, and warnings, being unheard, or on-ly answered by more numbural and eru-lop-pression and debasement, their last vestige of liberty being destroyed by the annulling of their constitutional rights, their trial by jury, the suspension of the Habeas Corrus, and the declaration of Martial Law, and by having a petty tyrant to rule over them, with unlimitver disposing by proclamation of the lives tibertics of the people without law or trial any form. Such cruelties and indignities are of any form. God and an enlightened world, they have taken up arms as their last and only resort, and trusting in the righteousness of their cause y are resolved never to relinquish their ots to sever their connection from Great Bri-n, and established for themselves an Indeendent and Liberal Government, securing qual rights to all classes and conditions in the
