It is encouraging to see the union services of the week of prayer so well attended; even on Monday, Jan. 2nd, notwithstanding election and social gatherings, there was a very fair attendance in St. Paul's schoolhouse, when the Rev. T. Manning gave a thoughtful and helpful address on "Confession and Thanksgiving," showing that humility was the right spirit in which to approach God, and pointing out some of the things that we as individuals and as a community need to confess our shortcomings before God. The spirit of God seemed to brood over and guide the service. We trust the remaining services may be fruitful in much blessing.

The Rev. H. C. Dixon gave a very interesting and instructive lecture on "Around London," illustrated by lantern views,

in St. Paul's Schoolhouse on Tuesday, December 27. He also showed a number of views of scenes along the Rhine. Owing to the very stormy night the attendance was not as large as it would otherwise have been. The collection taken up for the work of the Young Men's Association amounted to \$6.66. Many were pleased to see and meet Mr. Dixon again, and if the night had been fine a number expected to have driven in from Cameron.

The congregational re-union on December 6th was very pleasant affair. Mr. Thomas Walters occupying the chair with his usual kindness and tact. We were glad to see so many present, and feel sure that those there enjoyed the excellent program and were pleased to meet Mr. Perry and hear words of such good cheer from him. The refreshments, kindly provided by the ladies, and the social time arranged for, made us feel as if we were all members of the same household of faith.
