The Holstein Classes

OLSTEINS at Ormstown never OLSTENNS at Ormstown never fill the classes a fully as do the Ayrshires, but the children the fill the fret place in any showing in Canada. Money was no consideration in the fitting of this new herd. The most of the other exhibits, however, while composed of excellent individuals, condition asily explained by high-priced feed and scarcity of labor. The greatest general criticism of all classes would be the large number of undersized individuals, animals of excellent. ander. I raymond: Z. Alexsized individuals, animals of excellent
conformation and good breeding, but
lecking in development. The princiall exhibitors were:

- Four animals in milk: Raymond, Alexander. pal exhibitors were:

Neil Sangater, Ormstown; Raymon-dale Farm; H. H. Craig, Howick; Alex. Xounie & Son, Tullochgorum; Jacob Helm & Sons, Huntingdon; J. J. Alex-sorder, S. Lystic, Georges

Men who know engines buy

Chosp horses don't pay and neither does a cheap gas engine. You can buy an old "plug" for little or nothing, but you can't get e work out of him that you can out of a big, healthy farm horse. That's the reason you can buy him cheap.

It's just the same with a gas engine.

You can buy a cheaply made, poorly designed engine for less than the price of an Alpha, but you will find that the expense for constant repairs and the annoyance of hand that the expense for order just when you want to use it, make it a pretty expensive piece of

There are farmers all over Canada who, after trying to save money by buying cheap engines, have discarded them and bought Alphas and been glad they did ever since.

You will save yourself needless expense and annoyance if you profit by their experience.

Ask for catalogue, prices and complete information. Made in eleven sizes, 2 to 28 H.P. Each furnished in stationary, semi-portable or portable style, and with hopper or tank cooled cylinder.
