COARSE GRAINS.

Three have been very few outs chargeing hards on this market? Western cast have been fewer, and there are sectually no Ontario outs to be had periodically no Ontario outs to be had periodically not on the section of the section of

MILLFEEDS

MILLFECOS.

Mantreal reports an easier (ceiling in milleds with the possibility of a reduction of prices in the near future. The tening season is almost over, and under expected, though if there are any reduction this your, they will be slight. Tentho till quotes bran at \$35.49 and short \$40.40. Montreal quotations are similar, with montile selling at \$70 to \$75. HAY AND STRAW.

Hay AND STRAW.

Its is shundard at all Eastern points, an idraw also is plentiful. The short period of the state of emission of the state of emission of the state of emission of the state of the state

POTATOES AND BEANS.

POTATOES AND BEANS.
There has been little business in Ontire potatoes at Toronto except for a
far demand for seeding purpose. Dishnares are quoted \$1.65. to \$1.95. and the
potato market has been active, Green
Neutlain communities \$1.40. to \$1.45.
Bean, Canadian primes, are quoted at
125 to \$1 a bushel; foreign hand-picked,
\$13. to \$1.

EGGS AND POULTRY.

The seg market continues very firm. The servating price at country points. The pressing price at country points pressing price at country points are selected as a servation of the price and this price pressing price and the price may be a heavy consumptive considerable storing is reported. It is excluded as the price may advance such and a contact and price may advance such as the price may advance such as the price may advance such as the price price

and this has its effect on the market.
