Dominion Exposition

Announcements are out for the Sherbrooke fair, which this year includes the Dominion exposition as well, having the grant of \$50,000 from the Government to add to its other grants and its own profits of former years, which are invariably re-invested in the Association's fine plant at East Sherbrooke.

Already the Eastern Townships Agricultural Association, through its secretary, Mr. W. M. Tomlinson, reports that an astonishingly large interest has been taken by both intending exhibitors and the public at large.

Many of the buildings in the Association's beautiful park at East Sherbrooke have been entirely rebuilt, the grand stand has been greatly enlarged and a number of changes in arrangement have been made. An interesting effect of the increase of ad-

vertising by fairs all over the country this year has been the possibility of comparison of plants. In such a comparison Sherbrooke does not suffer. Even the famous Brockton fair has less acreage in its park than the little town over the Canadian border. Sherbrooke has 45 acres. Halifax, a much larger city, uses only 36. In fact, Sherbrooke's fair this year will really call for more than one day, in order to see it properly. The hotels and railroads have recognized this, and both have made most liberal arrangements to permit visitors to prolong their visits.

There are 14 hotels in Sherbrooke and East Sherbrooke, in addition to numbers of boarding houses. Besides all these, some of the seminaries of the town—some with accommodations for 600 people, have thrown open their doors for fair time. Some will supply lodgings and breakfasts, others lodgings alone. The railroads have made excursion rates to Sherbrooke from every point in New England and Canada, mostly at rates which make the rate little more than a single fare. Many people will go nightly from Sherbrooke over to North Hatley, where the summer hotels can accommodate a great many people, and allow them to be more quiet than in the town itself, which will probably be very busy for those two weeks.

Starts Operations

The new factory of the Gilson Mfg. Co., Ltd., at Guelph, Ontario, Canada, is now ready to begin operations. The plant is modern and up-to-date and fully equipped with everything necessary for the economical production of the famous "Goes Like Sixty" engines.

Cure the lameness and restore the hunch back by wearing the **newest and best looking just as it did before the lameness came.**

Fleming's Spavin Cure (Liquid) is a special remedy for soft and semi-solid swellings of the hunch back, and is the only one that will cure them. It is neither a liniment nor a plaster, but a remedy unlike any other—doesn't irritate and can't be washed off. It is the only one required, and your money back if it ever fails.

Fleming's Vest-Pocket Veterinary Advice describes and illustrates all kinds of lamenesses, and gives you the information you would need to thoroughly working out any kind of a remedy. Send free if you write.

FLEMING BROS., Chemists,
71 Church Street, Toronto, Ont.

THIS FREE BOOK WILL ASTONISH YOU

OUR BOOK, "RURAL TELEPHONE," tells all about the telephone business—how to organize Rural Lines, how to organize and incorporate a Telephone Exchange Company; gives examples of ordinances; outlines constitution and by-laws; instructs **How to Build Lines** out of your own neighborhood; contracts, selection of equipment and maintenance; gives forms for replies; contracts, selection of equipment and maintenance. In fact, it tells you all and everything you want to know about organizing, installing and operating rural telephone systems. The instructions are simple and non-technical; you and your help can do the work.

This book was compiled and printed at a cost of more than \$10,000 and could be easily repaid for 25 cents a copy. If you are a progressive farmer, you will want to read this book many dollars to you. We send it free.

You will be able to learn how a Little It costs to establish a telephone system in your locality—no previous experience in this work is necessary.

We make and sell Rural Telephones. We are strictly independent manufacturers. We belong to no Trust or Monopoly. We help you organize a company and contract the lines in your neighborhood. We have a Bank in Chicago as to our financial responsibility and our methods of doing business. We want to get acquainted with you. Take the lead in your community and write for our FREE book today!
