

HALLOCK'S Success ^{Anti-Clog} WEEDER and Cultivator

THE BEST CULTIVATOR IN THE WORLD—SO DECLARED BY FARMERS WHO HAVE TESTED IT.

Read What a Few of Them Say.

Glencoe, Ont., Canada.
The Weeder arrived all right. Little too late to make sales this season, but I have tested it thoroughly, and all who have tried it are well satisfied with its work. J. Y. YORKE.

New Dundee, Ont., Canada.
The Weeders sold have given good satisfaction. Prospects are very good to sell a large number here next winter and spring. Please let me know the best you can do on an order of fifty. H. S. CRESSMAN.

Abercorn, Quebec, Canada.
I received the Weeder the 10th, and ought to have written you sooner, but wanted to try it. I have now given it a good trial. It is the finest thing I ever saw for the work required of it. Too late to sell many this season. I am convinced that it is the finest Cultivator ever put in the field. I never saw potatoes grow as fast in my life as mine did after running the Weeder through them twice. If your Digger is as good as your Weeder it is a dandy. Please give me terms on Digger. A. H. INGALLS.

We have received thousands just like these. Write for sheets of them. Can you afford to farm this year without this wonderful Cultivator? We do not quite give away the first one in a place, but do make a big reduction for introduction, because big trade always follows.

COPP'S Farmers' Boiler

Registered 1898.
Nos. 30, 45 and 60.

With pleasure we draw the attention of our farmers to our

EXCELLENT MODERN FEED BOILER,

which is constructed on new lines. It has a strong and well-devised Cast Iron Front and Back, with bagged out Flue and Collar Top, so as to receive a straight pipe, which is preferable to the elbow attachment.

The sides are made of Steel plate with a band at the bottom.

The Feed Door is large and the body of the Furnace is very roomy, calculated to admit the roughest kind of wood.

The Boiler is designed to set on the ground or brick foundation.

Without doubt this is the Best, Cheapest, Most Economical and Practical Agriculture Furnace in the market. Already it has commanded a large sale.
