THE CLIMAX
Breech Loading Shot Gun,
\$6.50

Including wads, caps, reloadable shells, and set of reloading tools—barrel, decarbonized steel—as safe and accurate as a gun costing five times the price.

Read the following Testimonials:—
Stewarttown, Nov. 19, 1880.
Chas. Stark, Esq.,
Dear Sir,—The Climax gun that I bought of you a short time ago proved satisfactory in every respect, and I have no hesitation in recommending those guns to any one. I have killed ducks at eighty yards by actual measurement, and I consider it takes a superior gun to do that.
Yours truly,
J. M. STEWART.
Toronto, Nov. 25, 1880.

Mr. Chas. Stark,
Dear Sir,—I have cut open the barrel of the "Climax" Gun, and find the material to be precisely the same as the Snider-Enfields as used by our Canadian Volunteers, which for quality and safety is equal to genuine twist. I have also tried the gun with 6 drachms of powder and 1 1/2 ounces No. 6 shot, with the following results:—Forty pellets in a target 8 x 7 inches at fifty yards, which is considered good shooting for \$60 guns.
E. BIRD, Gunsmith,
251, King-st. East, Toronto.

Mr. Bird has been engaged in the manufacture of guns for thirty-five years.
We will express the "Climax" Gun to any address on receipt of \$6.50.

PRICKLY COMFREY.

The great fodder plant. A great want supplied to those that require green forage. It has been proved in many cases that 100 tons green feed can be grown per acre—10 tons when dry. It is the first green feed in the spring and the last in the autumn. It grows vigorously the entire season that the ground is open from frost. From four to five cuttings each season. No other food according to cost will fatten stock so quickly and so well, and give such a great flow of milk.
Rooted plants, per thousand, \$1.50; roots per lb., 75c. 1 lb. will make 100 strong cuttings. Send for circulars of instructions, testimonials, &c. Address

Roe's Play and Profit in my Garden.—By REV. E. P. ROE, Cornwall on Hudson, N. Y., U. S.; Contributor to FARMER'S ADVOCATE.
"The author takes us to his garden on the rocky hillsides in the vicinity of West Point, and shows us how out of it, after four years' experience, he evoked a profit of \$1,000, and this while carrying on pastoral and literary labors. It is very rare that so much literary taste and skill are united to so much agricultural experience and good sense." Cloth, 12mo. \$1.50.
The above will be mailed from the office of paper, postpaid, on receipt of price.

KENDALL'S Spavin Cure!

The Best Liniment in Use.

READ THIS!
New York, Dec. 24, 1879

B. J. KENDALL & Co.: Gents.—You will please send us six dozen of your Spavin Cure and one dozen Bister, as we are about out. This makes, we think, our last order for this year, and if the demand improves next year as fast as it has this, we think it will outsell any horse liniment (for which a practical cure is sure to follow) ever introduced in this market. We have not heard the first complaint of its not doing what is claimed for it out of the many thousand bottles we have sold. We are perfectly satisfied that there never was anything made to equal it, nor can there be anything to take its place, as it removes the trouble, and no remedy can do more.
Yours, etc.,
C. M. MOSEMAN & BRO
