What you want is an Edison Phonograph

DO not be misled. The only kind of sound-reproducing machine that is perfect is the one that Edison invented and the one that Edison makes.

It is the one with the smooth and perfect sapphire point, that doesn't require changing with each record and that doesn't scratch—two points alone that should influence your decision.

Only in the Edison do you find the music-reproducing idea at its best.

Don't take our word for it. Compare the Edison Phonograph with all other instruments side by side, on the same music, if possible, and then you will know better than we can tell you.

Edison Phonographs are sold everywhere in Canada at the same price, \$16.50 to \$162.50. Standard Records, 40c. Amberol Records (twice as long), 65c. Grand Opera Records, 85c. There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from us.
