One of the greatest Clydesdale Sires ever
brought to the West

HILLCREST STUD

We have added to our well known stud of Clydesdales at the Hillcrest Stud, Condie, Sask., a recent importation of thirty-five head—twenty-three stallions and twelve fillies. Our new importation was personally selected to keep up the high standard of our stud, and we are offering horses with size and quality combined, to a marked degree. They are sired by such horses as Baron's Pride, Mischka, Everlasting, Baron's Gem, Royal Favorite, Baron's Voucher, Royal Edward, Baron o' Buchlyvie and Sir Hugo.

Customers buying from us have no middlemen's profits to pay, as we buy and sell our own horses.

DISPERSION SALE OF SHORTHORNS

Having sold my farm I must dispose of my entire herd of pure-bred Shorthorn cattle. I have yet my champion herd and their descendants that won for me honors at many of the leading Alberta exhibitions in past years. There are females of all ages, descendants of the most noted families of in Scotland. I have used such stock bulls as Trout Creek Hero, the champion bull in Alberta, for a number of years; Loyalty (imp.); Remus, a Toronto prize winner, and Lucerne (imp.), the latter a bull of exceptional merit. My prices are very reasonable.

SOUTH AFRICAN SCRIP

1. Can one make application for cancellation with a scrip?
2. Where can I get a South African land-warrant and at what price?

A. A.

Ans.—1. Your question is not very clear. The regulations in regard to Dominion lands give no ruling as to cancellation with South African scrip. They rule as follows in regard to Half Breed scrip: If a homestead entry is in good standing, or if it is not the subject of cancellation proceedings, the homesteader may be permitted to abandon his entry with a view to the location of scrip upon the land under entry. When a homesteader avails himself of this privilege he will thereby exhaust his homestead right.

2. South African warrants are bought and sold on the Winnipeg stock exchange. You can buy through any broker. These warrants are advertised at times in our Want and For Sale column. They are quoted at present at around \$710 each.

COW HAS CHRONIC DIARRHOEA

What is the cause and cure of too lax a condition of a milk cow due to freshen about March. Has been in this condition for the last month. She has access to oat straw stack through the day, gets one sheaf oats at night and prairie hay in morning; is in good condition. Have some foals and would like to know best feed to make them grow. I am feeding about 2½ quarts whole oats mixed with 1 quart dry bran twice a day with 1 sheaf oats night.

Man.

FARMER.

Ans.—Feed the cow on good hay, chopped grain and bran. Keep her from the straw stack. The straw is causing indigestion, and the chronic relaxed condition of the bowels. Give hyposulphite of soda, in ½ ounce doses; dissolve in a half pail of drinking water 3 times a day.

Foals should be allowed to feed with their dams until weaned; then they may be fed from a pint to a quart of crushed oats and a handful of bran mixed twice or thrice a day, increasing the amount as the colt grows older. The quantity stated in your letter is entirely unsuited to the requirements of foals, but would be a fair ration for the average colt of two years. Such an allowance will retard their development by setting up indigestion.

SEPTICAEMIA

Mare 7 years of age, suckled a colt all summer and was in good order until October when a lump formed on the chest and broke and ran. Bathed the swelling and did what we could for it. Afterwards she swelled up in the ankle joint and the swelling broke again. She has fallen away in condition and we think she is in foal again. Thought she had worms and treated her for same, but don't see any now. The swelling on the chest has now stopped running. What is the matter with her, and how should she be treated?

Sask.

H. W. W.

Ans.—There has been an injury of some sort to the breast, an abscess formed, and some of the "pus" has been carried by the blood to other parts of the body. Probably one or more of the interior organs may have an abscess formation; if so, this would account for her poor condition. See that the abscesses are well drained; that is, see that the opening is at the

Walking leisurely around the Egyptian Sphinx, the traveller from America inspected it from all points of view. "It's a shame," he exclaimed, "to leave the thing in that shape. If I had it out in Chicago I could clap a good cement nose on that face so quick it would make its head swim!"—Chicago Tribune.

Heart Trouble Cured.

Through one cause or another a large majority of the people are troubled with some form of heart trouble.

The system becomes run down, the heart palpitates. You have weak and dizzy spells, a smothering feeling, cold clammy hands and feet, shortness of breath, sensation of pins and needles, rush of blood to the head, etc.

Wherever there are sickly people with weak hearts Milburn's Heart and Nerve Pills will be found an effectual medicine.

Mrs. Wm. Elliott, Angus, Ont., writes:—
"It is with the greatest of pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills. I suffered greatly from heart trouble, weakness and smothering spells. I used a great deal of doctor's medicines but received no benefit. A friend advised me to buy a box of your pills, which I did, and soon found great relief. I highly recommend these pills to anyone suffering from heart trouble."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
