WESTERN CANADA, LOOK HERE!

But we know less about many things than we should. Put our heads together, look a lot of facts square in the middle of the road, understand the problems or take the consequences

Great length. selfish more harder or any commercial of com- reduced should have the benefit of the business support of every farmer in Western Canada, but the benefit of his friendship and his best thought for its welfare.

This institution is of course The Grain Growers' Grain Company. Ship your grain to it. Solicit your neighbor to ship his grain to it. Subscribe for all the stock you can afford, up to the limit. Educate your union and the unorganized farmers to a knowledge of the fact that this is the one commercial tie that is holding the farmers of Western Canada together, and that if they will continue to hold together and develop this tie to its fullest it will finally bind them together into an irresistible force.

The proposition is simple. You have the elements of strength. What you need is the magic touch of the hand of union to build you into one powerful working machine.

As we promised our announcement of Sept. 4, we are publishing the many excellent ads received the judges found the task of none. They have decided to give three prizes, as follows:

- Mr. H. WOOD, Carstairs, Alta.
- Mr. JAS. LENNOX, Granum, Alta.
- Mr. R. DONALDSON, Findlater, Sask.

tion, but after careful consideration we have made the above awards. We re. All competitors in this first contest except prize winners are eligible again either at the next contest. We hope many others will compete next time.

Outraged humanity waits for you! The voice of progress is calling you to the effort!

Don't forget to consign all your grain, and have all your neighbors consign all their grain, to The Grain Growers' Grain Company Limited.
