

# BRIGHT STUDENTS RECEIVE DIPLOMAS AND MEDALS AT CONVOCATION

**Closing Event at Albert College—Work of Year  
Highly Gratifying—Bright Addresses by  
Dr. Baker and Visitors—List of Successful Students**

(From Wednesday's Daily.)

Albert College Convocation which was held last evening in the chapel in Massey Hall marked the close of another successful year. For the past few weeks the college halls have been the scene of intense activity, what with recitals, examinations, exhibitions and entertainments of various kinds. Henceforth the corridors will be still for the next two months as most of the students are at liberty to return to their homes or take to their summer professions, although some few are still facing departmental examinations. Last evening's event was the official closing of the work of the year 1915 and degrees conferred, diplomas and certificates presented and prizes and medals awarded for excellence during the college year and at the examinations.

The attendance of students and citizens was gratifying in view of the adverse weather, and the number of events held at the same hour in the city.

As the faculty procession moved towards the rostrum the girls of the college sang "Tipperary." When Rev. Dr. Baker and the staff had reached the platform, the Rev. A. S. Kerr, M. of St. Andrew's, Presbyterian church offered up prayer. A prize essay was to have been read by Mr. Harold Mingay on "Canada's Part in the Present War," but he was not present.

A mark of appreciation and gratitude was paid Miss E. Gardiner, when she was presented with a beautiful bouquet of roses by one of the young ladies. Mrs. (Dr.) Baker was called to the platform and she was happily surprised to receive a large bouquet of roses. Rev. Dr. Baker thanked the ladies of the college on behalf of Miss Gardiner and Mrs. Baker for the tributes.

Prof. Cameron sang in faultless style a song of the Men of Somerset and Miss J. Tuft in a Scotch reading appeared at her best.

Rev. Dr. Baker and staff had with them on the platform as guests, Rev. A. S. Kerr, Dr. Coughlin of the O. S. D., Rev. Amos Campbell, Dr. McCullough, Dr. A. Ray, Ald. J. O. R. McCurdy, Rev. Wm. McMullen, Toronto and later Mr. F. E. O'Flynn and Rev. W. G. Clarke.

During the presentation of the art certificates, Miss F. Strong was presented with a handsome bouquet of roses, while the girls sang "Albert, Albert, A-R-T."

The girls' glee club sang the prize patriotic song, the words and music of which were composed by Miss Sadie Edwards—"To Arms, To Arms, the Motherland is Calling." The number was received with much applause, a tribute to the talent of the fair young company.

The teachers of the departments presented the certificates to the successful students, after which the distribution of prizes and medals was made.

In presenting the prizes in expression, Rev. A. S. Kerr paid high praise to Albert's wide range of study "all the way from camp cooking to preaching and that's some distance to travel" (laughter). He was certain the staff and students had been faithful in order to accomplish what had been done. Ability in expression is a most important attainment, in order to communicate ideas.

Dr. McCullough presented the prize in music after a short address. Dr. Coughlin, superintendent of the Ontario School for the Deaf, was introduced as one who had done excellent work at that institution. Dr. Coughlin expressed his pleasure in being privileged to take part on such an occasion as the convocation. He was most happy in a reference to Albert College and Rev. Dr. Baker. "It is well known how well and hard he has worked since coming to Belleville. We have every confidence that Dr. Baker will be successful in his plans and realize to the full his expectations for Albert College." Dr. Coughlin presented the art prizes. Dr. Baker said the best part of the work at the O.S.D. was not its buildings but was within.

Rev. Mr. McMullen, associate editor of the Christian Guardian in presenting the first form prizes said "Dr. Baker has the Methodist Church back of Albert College and back of its

most faithful and effective principal." Rev. Amos Campbell who is nearly 84 years of age, told of experiences in the old days in travelling from the lower province to Michigan to get students and money for Albert College. For success in finance he gave these words of advice—"Serve God, be honest, be cheerful, and predict success for Dr. Baker's endowment scheme."

Dr. Baker congratulated Mr. E.M. Cook in winning one hundred marks in Latin.

Dr. Ray and Ald. McCurdy spoke at some length in making presentations.

In presenting W. P. Dyer Bursary, the gift of J. F. Cairns, B.A., Dr. Baker praised the labors of Rev. Dr. Dyer as principal of Albert College for many years. He had been his college chum and friend for over forty years. It is a source of much pleasure, to know, he said, that Dr. Dyer's health is improving.

Rev. Mr. McMullen stated, young people think they know considerable. He had known men who knew everything except one thing—what fools they were. People will make mistakes with all their college training. Forget the past with all its blunders and try to live so as not to repeat them. Choose some big task that will grip all your enthusiasm. The world is being run by men who are not perfect. Do not wait to do your work until you can do it perfectly. Never lose your faith in God or in man, no matter how people find fault. Some day you will have as a result confidence and joy unfeigned.

Rev. W. G. Clarke praised the splendid college record this year. All kinds of life are being fed from the bottom. The Saviour fed society from the lower strata. If you lift the lower part, you lift all that is above it, the upper strata of society. Therefore it is becoming that all should apply themselves diligently to the humble tasks of life. The greatest work has possibly been done by obscure workers. Honor and success will come in time. It is useful to apply the lift where it will mean most.

He congratulated Dr. Baker and Miss Gardiner on the year's work. I shall remain an enthusiastic friend of Albert College. The call comes to advance the interests of Albert College by \$100,000 endowment and the speaker expected this would be realized by 1917.

Dr. Baker said "It has been a splendid year. In many ways I can not conceive of a better year. He referred to the endowment which he hoped would reach not \$100,000 but a quarter of a million."

"This has been one of the most trying years in all our history and this year on which we are entering is to be even more so. The girls have knitted and done their bit. In giving we have done our share. More than that we have sent more than one dozen boys to the front." George Manorgau fell at Langemark, Percy Chambers was wounded, and Charles Roedel, a member of the 48th Highlanders is missing. "Thank God they did their bit. They saved the day."

Mr. O'Flynn, bursar, wished the students the best holidays they could have. He returned to the war and urged the students to send letters and anything else to the boys at the front. He congratulated Dr. Baker on his splendid work.

This concluded the ceremonies. The students and guests were then invited to visit the art room where work was exhibited by the following pupils:
