 Major Wood has been a very busy man since returning from his recent trip to the outside. Superintendent Primrose has been ill for several days and the major has assumed the duties of the town as well as the territory during his illness.
 Capt. Scarth expects to leave Dawson to accept his commission in the South African force as soon as he receives word from Ottawa.
 Corp. Caudle who arrived yesterday from Sulphur bringing with him Joseph W. Murray, returned to his post this morning.
 Corp. Ryan left last night and Constable Wood left this morning, both for the Husker detachment.
 Constable Buxton has been assigned to down town duty temporarily.
 Corp. Piper has been assisting in the office at the barracks during the past week but will resume his duties on the town force next week.
 Constable James left recently for a trip up the river.

Masons Meet.
 A regular communication of Yukon Lodge A. F. & A. M., was held last night at which Messrs T. H. Reames and J. P. Miller were advanced in the order by the worshipful master, Dr. C. H. Wells. A number of visiting Masons were present, among them Mr. James H. Waite, of Boston, who made a splendid talk during the social session which followed the regular order of business. Mr. Waite is a 33rd degree Mason and has visited lodges in all parts of the world, being extensively traveled; he says, however, that never in his experience has he been more royally received and entertained by his brothers any place than here in Dawson. He will leave via the steamer Barr tomorrow for St. Michael en route to Nome.
 The local Masonic lodge has received word that its charter has been granted and is on the way in. The number assigned is 79.

It Looked Bad.
 What looks as though it may have been an attempt at arson was found a few mornings ago in the target gallery on Third avenue. On opening up business for the day one of the proprietors found a pile of charred rags and papers lying on the counter near one of the walls of the building. It was subsequently learned that a lady in passing late the night before had noticed the pile of debris on fire. She gave the alarm and Chief Stewart who happened to be in close proximity quickly extinguished it. It is possible the fire was the work of children.

Ordination Services.
 The Right Rev. Wm. Bompas, bishop of Selkirk, will officiate at both the morning and evening service at St. Paul's Episcopal church next Sunday. During matins at 11 o'clock Mr. Christopher Reed will be ordained a deacon of the church. Holy communion will be administered at 8 and 11 o'clock. An evensong special music will be rendered by the choir. The bishop will preach the sermon both morning and evening.

STEAMBOAT NEWS.
 The Canadian arrived at 3:15 Wednesday afternoon with 35 passengers, preceded a couple of hours by the Columbian with seven passengers.
 The accountants and clerks in the office of the B. V. N. line are exhibiting with a great deal of pride a way-bill recently received from Skagway upon which are drawn a series of cartoons by one of the bill clerks in the Skagway office showing the departure, progress and fall of a hobo who was stealing a ride by means of a sled attached to the rear of the train. The Dawson office is so well pleased that a prepaid bill of \$5 will be returned to the Skagway artist in order that cigars may be handed around with the compliments of this end of the line.
 The B. V. N. line has derived but little use from the refrigerators installed this season in a number of their boats. Either there is no fruit being shipped in or shippers prefer their goods to lie about on deck. On the last trip of the Canadian the cold storage rooms were filled with sugar and oats.
 The water front is deserted today, the only boats in being the Canadian and Columbian. The latter left for Whitehorse at 2 o'clock.
 The Clara-Monarch is billed to sail for the Koyukuk on Wednesday, July 17. Frank Mortimer is booking passengers for the trip.
 The Clifford Sifton left last night at 9 o'clock for Whitehorse with 45 passengers.
 The Prospector got away for Fraser Falls and the head of navigation of Stewart river last night at 10 o'clock. She carried 45 passengers many of whom had big outfits. The destination of the passengers was about equally divided between Henderson creek, Crooked creek, McQuesten river and Fraser Falls.
 There was a report on the street last night that the steamer Leon had passed Eagle City, but upon investigation the rumor proved without foundation. Nothing whatsoever has been as yet heard from any of the down-river steamers. Should no word arrive before tomorrow evening the John C. Barr will leave as advertised.

Cricket Game Tomorrow.
 The cricket season will be formally opened tomorrow afternoon at 3:30 when a scratch game will be played between the N. W. M. P. team, Sergeant Stillman captain, and a picked team under the leadership of Deputy Sheriff Seymour. The cricket grounds is being put into good condition for playing and the game no doubt will be lively and interesting.

A Vacant Garter.
 According to the London Chronicle, there is now a Garter vacant, and if a plebeian decided on whom it should be bestowed there is not a doubt but that K. G. would be placed after the name of the field marshal commanding in South Africa, who most certainly merits the distinction quite as much as Lord Elgin, on whom it was so properly conferred by Lord Salisbury. In the last two centuries the Garter has only been three times for military services—to Marlborough, Wellington and Lord Anglesey—and, strange to say, no naval commander appears to have had it, not even Nelson.

Good Work Begun.
 Mrs. Ferguson today began the work of numbering the houses, of Dawson, Commissioner Ross instructing that all government buildings in the city be numbered. The cost to the individual property owner or occupant is but trifling and that all houses will soon be designated by their numbers; those without saying. With all the houses numbered, the next onward and upward step will be to secure free mail delivery in Dawson, thereby enabling the proper John Smith to get his letters before they have been read by a dozen more parties who bear the same name.

Stampede to Ninemile.
 A small stampede occurred to Ninemile creek on the Indian river on Tuesday last. A man by the name of Vellee who has been prospecting on 35 below discovery recently returned to town with the report that he had found 2 1/2 feet of gravel which would run 100 cents to the pan. The report was heard and at 5 o'clock the same afternoon a party of five left Dawson on bicycles for the creek and staked the first four claims below and a boy 35.
 This creek was stamped in '98 but the claims were nearly all allowed to relapse as many others stamped that year have done.

Card Playing in Church.
 Frequent cases of card playing occurred in churches in olden days in the high or curtained family pews that were to be found in several parts of this country. A case of card playing was mentioned by the poet Crabbe as having occurred in one of those pews in Trowbridge parish church. Mr. Beresford Hope stated that card playing was not common in churches here, but that some of the churches had curtained pews, where those occupying them were screened from the observation of the rest of the congregation, and that one of the Georges is credited with taking part at a game of whist in the church he attended. The church at Little Stanmore, in Middlesex, has a luxurious room pew which is approached by a special door and staircase. The old St. Paul's cathedral before the great fire of London was used by business men as a sort of exchange. The portico was let out to hucksters, and in those days gambling and cards were both said to have been indulged in without let or hindrance within the cathedral.—London Standard.

Horseshoes.
 Horseshoes are of uncertain date and have caused some discussion among military historians. Nailed shoes were not known by the Greeks, for Xenophon gives minute instructions for hardening the hoof. Nor did the Romans use them. Nero had mules shod with a plate of silver fastened by crossed thongs to the hoof. With Poppea, his later wife, it is said these plates were of gold. The earliest positive evidence of nailed shoes is furnished by the skeleton of a horse found in the tomb of Childeric I (483-81) at Tournay in 1853.

MARRIAGE.
 They art my own, my darling and my wife, And when we pass into another life, Still thou art mine. All this which now we see Is but the childhood of eternity. And thou and I, through trials and through tears, The joys and sorrows of our earthly years, Are growing up into a single soul, God's workmanship, a clear completed whole Made out of twain. Our love is but begun; Forever and forever we are one. —Spectator.

ORCHARD AND GARDEN.
 Plums do best on clay loam. Set out some fruit trees every year. Black knot should be cut out at first sight. Mulch all newly set trees before drought sets in. When paper bags are to be put on grapes, it should be done when the grapes are the size of peas. Cutting off and burning is the only remedy for black knot, and this should be done before the middle of July, as by that time the spores begin to ripen. Arrangements should be made in good season to save all of the fruit. What cannot be used or sold fresh should be dried, evaporated or preserved in some way for future use. When it is necessary to water plants now, draw the soil from around the stem of the plants, supply sufficient water thoroughly to soak the soil around the roots and then work back the soil. An ounce of saltpeter dissolved in 12 quarts of water is said to be sure death to the cabbage worm if sprinkled on the growing heads. A short handled whisk broom can be used to spray it with.—St. Louis Republic.

Police Court.
 Four suits for labor performed were brought against Campbell & Yedder of No. 1 French gulch by George C. Johnston for \$149.35, Frank Keru for \$131.20, Robert Waddell for \$211.50 and Hll Delsoi for \$249.20. The defense admitted each claim but stated that up to the present time sufficient money had not been taken out of the claim to pay the laborers who would receive their money as soon as possible. Magistrate McDonnell gave judgment for each plaintiff and allowed the defendants ten days in which to pay the accounts and if not paid within the

prescribed time a distress warrant will be issued and their property seized and sold to satisfy the judgments.

YOU MAY FANCY
WHAT the editorial "roast" in the Nugget is giving our advertisement each day is paid for by THE SUN, just as our display advertisement is, and is intended to call particular attention to the advertisement. We can't blame you if you do, but for the honor of the profession we will state that such is not the case. It does the work all right, and is worth money to us, but the Nugget's editor, possibly conscience-stricken at the exorbitant rates the soulless, mercenary business manager charges us for space, throws in a daily editorial "roast" simply as "lagniappe" as our Louisiana contemporaries would call it, or for "good measure" as it might be called here. It's all in the business—one of the secrets of the trade—and if you are not now a subscriber to the WEEKLY SUN, you should at once subscribe to get the benefit of the remarks we will "hand" the Nugget in return for its editorial mention, for our replies are alone worth the price of subscription.
LAST NIGHT'S HEAVY RAINFALL
 Dampened our arder just as little as do the Nugget's complimentary remarks. THE DAILY MORNING SUN will appear as advertised, and its contents and general appearance will speak for it in answer to the Nugget's remarks.
"EVERY KNOCK'S A BOOST,"
 And although we had not intended to advertise so extensively in the Nugget as we are now doing, with the editorial advertisement given us we cannot afford to stay out of its columns.
