DO YOU WANT PINK CHEEKS?

They Can be Had by Keeping the Blood Rich, Red and Pure.

Every woman-every girl-wants pink cheeks. They mean not only beauty, but good health. When a woman's blood is scanty and anaemic her color fades, she looks debilitated, is short of breath and her heart palpitates after slight exertion. Sometimes this trouble is accompanied by severe headaches, or pains in the sides. This condition is entirely due to weak, watery blood, and can only be cured by making-the blood rich, red and pure. For this purpose there is and pure. For this purpose there is nothing can equal Dr. Williams' Pink Pills, which act directly upon the blood, and in this way bring new health and strength to weak, ailing people. Mrs. Anderson, Hearst, Ont., says: "Before coming to Canada from England I was a sufferer from anaemia for upwards of a year. I had been gradually getting paler and weaker. I did not realize that I was sick, but felt constantly tired and worn out. had no ambition for anything, and grew so white that my brothers used to call me 'snowball.' At this stage my mother decided that she would get Dr. Williams' Pink Pills, which are a favorite medicine in England as well as in Canada. On the day I com-menced taking them I fainted on get-ting out of bed and mother urged me to stay in bed for a few days. I really felt so weak that I was glad to take her advice. I looked more like a corpse than a living person. I remained in bed for a week taking the pills regu-larly, and then I felt that I was able to get up, though not able to go about. From that on, however, I gained strength dally, and in a little more than a month I was feeling as well as ever I did. The color returned to my cheeks and lips, and my friends were all surprised at my rapid recovery. took no medicine but Dr. Williams' Pink Pills, so that they deserve all the credit for my restoration to health." German Toys Not What They Were.

Simplicity is the rule in German toy shops now, and wood, once formerly used only for cheeper toys, is now almost the only material employed. Lack of flour, which is used with cement to make the bodies, preents the manufacture of new dolls. Wax, used for the heads, is almost unobtainable, and the material for dressel costs four times as much as before the war. Toys cost at least twice as much as formerly, metal toys are few in number, and some of the very cheap varieties cannot be had at all. SWEET SCONES.

SWEET SCONES.

Half pound flour, & teaspoon salt, & teaspoon soda, & teaspoon cream of tartar, 1 cup buttermilk, 1 teespoon sugar.

Note-Sweet milk may be substituted for buttermilk or sour milk. In this case a whole teaspoon of cream of tartar should be used.

Mix the dry ingredients. Add enough milk to make a soft dough. Knead lightly, roll out and cut into convenient snapes and sizes. Bake on a griddle or in a quick oven for 20 minutes. Raisins may be added for ruit scones. Scones may be made of half wheat flour and half barley flour, with graham flour and with whole wheat flour.

Deviled liver can be made as great a delicacy as chicken or ham tongue; if prepared either with the livers of poultry or calves. To give it the true continental flavor it should be fried in a small quantity of beef dripping, to which has been added a little paprika. It should then be chopped so finely that it becomes almost a paste. One-half teaspoonful of grated onion, one-quanter the quantity of salt, one and one-half tablespoonfuls of ketchup are added. Turn into a mold and allow to cool. Will be found delicious, cold, for sandwiches.

Liver has good fuel value as food. It is firm and close in texture, needs to be carefully cooked, and eaten when "hearty" food is desired.

FIG DROPS. One pound figs, one pint maple syrup, one teaspoonful vinegar, nuts. Seed the figs and stuff with any nuts desired. Boil the syrup and vinegar until it forms a little ball when dropped in cold water. Remove from the fire, cool slightly. Dip stuffed figs in syrup several times and lay on waxed paper to harden.
