"FRUIT OF THE LOOM."

Men and women of taste and judgment go into ecstasies over the wonderful patterns, textures and colors which are "the fruit of the loom." But there is one they rarely consider, and that is the frail and faded woman, old before her time, because necessity compels her to work under conditions, which send her more favored sister to bed and the doctor's care.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 28 East College street, Jacksonville, Fla. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine, I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so fat I would lie from day to day and long for death to come and relieve me. I had internal inflammation, a distressing drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
