Overcoat Policy

Why in the world some men continue going to a tailor and insist upon paying twenty to twenty-five dollars for coats not a whit better than we are selling at \$10, \$12.50 and \$15, is beyond us.

Some people do get in a rut, don't they? These are the men we are after. If we can once get our fine Coats on their backs, they will have no other.

We are waiting for you, Rip Van Winkle, but it is only fair to tell you that smart men are sharing advantages you do not.

A RICH FIND

Enormous Bone Found at
New Carlisle.

REFUSED \$800 FOR IT.

Supposed to be Some Part
of a Large Prehistoric
Animal.

Some time ago while some men were engaged in making an excavation on what is known as "the common" at New Carlisle, they came across a large bone just a few feet below the surface. Mr. A. M. Caldwell obtained possession of it and sent it to McGill museum.

It seems to be difficult to determine to what animal the bone belongs and it is thought that it is a rich find.

The bone is almost flat, measuring about 8x6 feet and about three feet thick. On one edge the bone is jagged as if broken, while on another there is the appearance of a joint.

The McGill authorities have placed the bone in their museum and in a letter to Mr. Caldwell stated that they would pay all expenses of transportation etc, which we understand has been done. They also request-d that they be given the option for purchase as too many of these specimens found their way across the border when they ought really to remain in Canada.

It is supposed that the bone is that of some pre-historic animal but on this point the experts have not as yet reached a conclusion.

We understand that Mr. Caldwell has refused an offer of \$800.00 for the specimen.

RESOLUTION OF SYMPATHY.

TO BROTHER JOHN ALMONY.
It is the wish of the members of L. O. L., No. 108, that their sincere sympathy be conveyed to you and your family in the sad trial you have been called upon to endure in the sudden death of your beloved daughter, and we pray the Lord may sustain you and your family in the heavy burden laid upon you, and we kindly exhort you to be reconciled to the words of the prayer, which you, with us, have so often repeated, "Thy will be done on Earth as it is in Heaven". Remember your loss is her gain and may we all remember in time we shall meet to join an unbroken circle in the world beyond Jordan.

ROOSEVELT A DIPLOMAT AMONG KINGS

Hon. Mr Lemieux's Tribute to President of the United States

London, Dec. 4.—Hon. Rodolphe Lemieux, proposing the toast of the President of the United States at the Thanksgiving Day banquet said that as a French Canadian and a British subject, he felt it a pleasure to share with their American friends the pride they took in their President. Every true American must feel it to be an honor to be governed by the great man who presides over the destinies of the United States, a man of strenuous life and of eminent virtues, both in public and private, whose fame belonged to humanity. With King Edward he shared the gratitude of the whole civilized world for the treaty of Portsmouth. Coming generations would revere it as the crowning triumph in the career of one who though an uncrowned King on a powerful democracy had earned by his wide pur suit of duty the right to the noble title of a diplomat amongst Kings and of a king amongst diplomats.

SCHOOL BOARD

Regular Meeting of Trustees
Held on Monday
Evening

The regular monthly meeting of the School Board was held on Monday evening in the Secretary's Office, notwithstanding the Tribune's statement to the contrary. A goodly amount of business was transacted, among which was the reception of the report of the committee appointed to look into the matter of the West End residents' petition. The report of this committee was not favorable to the granting of the prayer of the petition and was adopted unanimously.

The resignation of Miss McGorman from the teaching staff at the end of the present term, was accepted, and the Secretary was instructed to advertise to fill the vacancy.

The contract for firewood for the school was awarded to T. Ellsworth.

Arrangements were made for the disposition of Lieut Governor's medal. The medal will be presented to the lucky scholar by Mr. McLatchy at the public exams immediately before the Christmas holidays.

FOURTEEN DROWNED.

R. J. Leslie, M. P. P. for the
Magdalens, One of the
Victims,

HALIFAX, Dec. 5.—Another marine disaster occurred yesterday when the mail steamer Lunenburg, which plied between Pictou and the Magdalen Islands, was totally wrecked on Sand Beach, at Amherst Harbor. The steamer struck during a north-east gale and snow squall. Five of the crew managed to get ashore. The others are still aboard, but it is believed all will be saved. The steamer was owned by R. J. Leslie of Halifax, representative of the Magdalen Islands in the Quebec Legislature. The hull was insured for \$14,000.

MR LESLIE AMONG THE LOST

A later despatch from Amherst Harbor, Magdalen Islands, says the steamer Lunenburg was a total wreck and that R. J. Leslie, M. L. A. for the Magdalen Islands, in the Quebec Legislature, and from ten to fourteen men were drowned.

NEWS RECEIVED HERE.

Several messages reporting the sad disaster were received in this city to-day, among those to receive them being Premier Gouin and Mr J. U. Gregory, agent of the Signal Service. The latter despatch reads as follows:—

Leslie owner, who was on board, started for shore in one of the ship's boats, but this swamped when half way and all excepting the captain were lost. He held on until rescued by a boat from shore.
