THE WAY TO DO IT.

A man said to me the other day About the only people to talk whose business it is to sell. Even the merchants themselves buy where they can buy the chappest "buy at home" very often patronize Uppe Canadian firms when they could buy better goods, manufactured right in their own county or pro vince." If this statement is true and I feel sure it is true in some isolated cases at least then it is time for the merchants to think once or twice. It is easy for the merchants to "knock" the mail or der house, but the question is whe ther the most of the "knocking" that is done accomplishes any good.
