MUCH ADD ABOUT NOTHING

Officials Are Not Dismissed in Northumberland County Merely For Voting Liberal.

In the Chatham Gazette of the 22nd ultimo appears the following item concerning the Black River Postoffice:—"That there is one man at least in this county, who is not affected by political offices that have to be taken from the widow and orphan has been shown in connection with the office of postmaster at Black River. The late Postmaster was Mr. Robert MacNaughton and when he died recently his widow continued the duties of the office. "As Mr. MacNaughton had been a life-long Liberal it was not unexpected that some attempt would be made to give this small berth to some member of the Conservative party. That some such step had actually been taken seems to be beyond doubt, for in the course of time the intimation came to Mr. Wm. Ullock, a well-known Black River resident, that he could have the berth for the simple asking. What Mr. Ullock did, however, was to take a team and drive to Newcastle immediately, where he saw Mr. Morrison and told him that he would under no circumstances accept the office. It is noted that Mr. Morrison can see his way clear to recommend to the department at Ottawa that the present postmistress will be a satisfactory official for the office at Black River. The Editor of the Gazette, noticing, for obvious reasons, in the way of getting his information on such matters direct, has evidently been hoaxed regarding most of the facts of this case. The topic expressed on the 22nd ult. that Mr. Morrison might see his way clear to recommend the appointment of Mr. MacNaughton when, as a matter of fact, Mr. Morrison had already recommended her appointment on the 13th ult.—13 days previous to the appearance of the Gazette's hope in print—clearly shows the unreliable nature of the Gazette's information. The facts of the matter are these:—The late Councillor MacNaughton, the Black River postmaster, was a Liberal and freely exercised his franchise last September, as every citizen has a perfect right to do. After the election, certain parties professing to be friends of Mr. Ullock—but Mr. Ullock himself making no such request—asked Hon. Mr. Morrison to give the post-tertiary to Mr. Ullock, alleging that postmaster MacNaughton had voted Liberal at last election. Mr. Morrison informed them that he was not recommending dismissal on such grounds—that they would have to prove active participation before any official would be dispossessed. So Mr. MacNaughton was left in peace, and died in office. At his death the office could not pass to his widow—it became vacant. Mr. Ullock was recommended to the agency he, however, after discovering that Mrs. MacNaughton wished to have the appointment came up to Newcastle, with Mr. MacNaughton's son, and asked Mr. Morrison to recommend Mrs. MacNaughton in the place of her late husband. This, Mr. Morrison, after satisfying himself by arrangement with Mr. MacNaughton that the office would be properly run, as heretofore, consented to do, and the incident closed by Mr. Morrison's writing to Ottawa on the 9th ult. to recommend Mr. MacNaughton. This recommendation was at once ratified and Mr. Morrison received word from Ottawa that the appointment he had directed two days previously had been made by the Department on the 11th. Since September last there have been only three changes made among the Dominion officials in this county—nothing like the clear sweep, as intimated in some directions.

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need A Tonic Medicin.

One of the surest signs that the blood is out of order is the pimple, unightly eruption, and eczema. But come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weary, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new health giving blood. You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Opening Performance of Perry Players

(Halifax Herald)

Perry's Peerless Players in the opening play of their engagement here were greeted last night by a fine audience and made a splendid impression. The play was "Ani", the "Singing Girl", an attractive four-act melodrama of New York life with a dozen or so characters all well represented. Miss Hazel Fortune in the title role was the bright particular star of the cast and gave a very clever conception of the part, as the young girl and in the part of the precocious youth. Her acting throughout was very clear and there was no slip into favor with the audience. Dan M. Roy fun shows the fun and spirit of the all both in acting and specialties, and his very clever comedy work served to keep the audience in ways in great humor. "Ani" Perry. A Molly Tomson, J. J. Hall and John Baird, V. D. have as usual made a very successful tour of the Dominion, W. F. Keane as Musical Director. The new show is in the city.
