RIFLES SEIZED BY GAME WARDENS

Great activity is evident among the Game Wardens all over the province and it seems to be the aim of all concerned to have as large a number of seized rifles, shotguns and other equipment on hand for the coming auction as is possible.

A few days ago a resident of Upper Blackville was haled into Court on the information of a game warden charged with killing a deer out of season. A conviction was secured and a fine of \$50.00 and costs was levied.

The two cases against residents of Grand Manan for violations of the Game laws have not as yet been tried. A short time ago the advice of Chief Game Warden George F. Burden was sought in this matter and he has advised that the cases be proceeded with at once.

Two charges which have been standing for some time in Grand Falls have been amended and are to be tried in the near future.

DID NOT APPEAR

One man at Green River was found with a rifle in his possession in the woods. An information was laid against him, but he did not condescend to appear, merely sending an amount of money which he evidently thought would cover his fine. This was not accepted however, and a warrant for his arrest has been issued.

On Sunday Warden Kelly of Sunbury County, seized two rifles which were in the possession of two men in the vicinity of the Portobello Stream. Neither of these men would give their names and their rifles were taken from them in lieu of fines. Game is thick this year, and the temptation is evidently great to lay in a little fresh meat before fifteenth of the coming month, when the game will become more wild, and not so easily killed.

"Cold in the Head"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions.

C.P.R. President Talks on Thrift to Boy Scouts

Thrift is a word which is said to have come into the English language over a thousand years ago from the Scandinavian. It is the noun of which "thrifty" is the verb, and suggests that success and saving go together. The very word THRIFT is a good word to look at. It is an upstanding word and at once makes one think of sturdy simplicity, the kind of quality which one associates with a Boy Scout. How different in appearance is its opposite EXTRAVAGANCE, a word which at once suggests as ostentatious irregular character, boastful as well as wasteful.

Services to Community. Now thrift means saving money and miserliness means saving money, but they are not the same kind of saving. The thrifty person saves money for a purpose, the miser saves money for itself. The thrifty person saves so as to have a bank account against bad times. His thrift has for its object independence and security, and is therefore in accordance with the Scout law. But miserliness is purely selfish, whereas a Scout is told to be thrifty so that among other things he may have money with which to help others when they need it. The Scout must be careful not to carry his thrift too far. You usually find that the thrifty person has a bank account, whereas the miser keeps his money in a stocking where it can do no good because it is not kept in circulation. The thrifty person puts his money where it draws interest, thus adding to what he already has got, and also performing a service to the community.

By letting the community have the use of his money while he is not spending it, the thrifty person does a service to the community for which the community is willing to pay interest. The community, however, has just as little use for the miser as for the spendthrift.

Need Not Expect Immediate Reduction In Freight Rates

Montreal, Aug. 22—There will be no reduction in rail freight rates in the near future, in the opinion of Canadian railwaymen, despite independent advice to this effect from Ottawa.

The rumors of an impending cut in freight rates has been responsible, it is stated, for serious curtailment in purchases and shipment through Canadian factories and commercial houses and it is pointed out in this connection that such a reduction rests entirely on the question of a decrease in the wages of railway men throughout the Dominion.

While it is true, officials state, that reductions in wages actually have taken place, they are not of a definite nature insofar as all such reductions are subject to retroactive awards, and final settlement by boards of arbitration, which involves a possibility of such boards declining to recommend any wage cuts.

Late Mrs. Eddy Re-members St. John Relative

St. John, Aug. 22—Patrick G. Johnston, an employee of T. McAvity & Sons, Ltd., was informed on Saturday by a letter from T. P. Foran, K. C., of Hull, Ont., advocate for the executors of the estate of Mrs. E. B. Eddy, that he had been left \$1,000 per annum for the period of five years, and that at the end of five years he was to receive the sum of \$5,000, and that each one of his four children was to receive the same amount. His children are: Water C., bookkeeper in the Canadian Express; Ada E., bookkeeper in the International Harvester Co., Ltd., and Evonne, aged twelve years, and Reginald, aged eight, who are still going to school. Mr. Johnston, who is fifty-two years of age, was a cousin of Mrs. Eddy's.

NEW OIL FIELDS ON ARCTIC SHORE

Nome, Alaska, Aug. 21—Discovery of new oil fields in the vicinity of Wainwright Inlet and Point Barrow on the Arctic coast of Alaska which is believed may rival in importance the MacKenzie river belts of Northern Alberta, is reported by members of a California prospecting party which has been in the district since July 14. According to S. R. D. Adams, head of the party, large seepages occur in the neighborhood of Cape Simpson, east of Point Barrow. They appear, he said, to spring from two to three conspicuous barrens back of the cape and within a mile of the Arctic Shore line. They flow several hundred yards into a lake of oil.

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine relieved me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."
