OFFICIAL.

LONDON, July 30.
The Governor, Newfoundland:
The French Government reports violent German attacks repulsed in the Vosges with heavy loss.
The French submarine Mariotte has been sunk in the Dardanelles and her crew captured.
The Russian Government reports that the enemy suffered enormous loss in attempting to fortify the left bank of the Narw, also between the Bug and Wierp.
The Italian Government reports enemy counter-attacks on Corsica Plateau, with fresh troops, repulsed with serious losses.

BONAR LAW.

TWO STEAMERS SUNK.

LONDON, July 30.
The Norwegian steamer Thordensford was torpedoed and sunk today by a German submarine, and the Belgian steamer Prince Albert was also sunk by striking a mine. The crews of both vessels were saved.

HOLLAND'S ARMY.

THE HAGUE, July 30.
The Dutch Landstrum Bill was adopted by the first Chamber today and became law. The measure provides for the eventual increase of the total trained soldiers of Holland to approximately 556,000 officers and men, instead of 300,000 who were now under arms.

AUSTRIA'S HEAVY LOSSES.

GENEVA, July 30.
A telegraphic despatch to the Tribune from Laibach, says that the Austrians attacked the Italians at Gorizia with 170,000 men, including 30,000 Bavarians, on the night of July 28th, with disastrous results. The Austrian losses are numbered at 12,000. The following day a fierce Austrian attack on Carzo Plateau was also repulsed. The Italians hold all the positions they have captured in the last fifteen days, except the advanced trenches before Gorizia, which have been evacuated.

ATTEMPT AT RECAPTURE FAILS.

ROME, July 30.
An attempt was made by a squadron of Austrian cruisers and a flotilla of torpedo boat destroyers, yesterday, to recapture the Austrian Is-

land of Pelagosa, in the Adriatic, which was occupied by the Italian naval forces last Monday, according to an official communication issued today by the Italian Ministry of Marine. The attack was repulsed. The statement adds that some members of the Austrian landing party were forced to swim to their ships.

It is officially announced that two prisoners who were charged with espionage, were tried by court martial on the 16th and 17th. They were found guilty and sentenced to death. The sentences having been duly confirmed, were carried out this morning.

GERMAN AVIATOR DROP BOMBS.

PARIS, July 30.
A German aviator threw down four bombs on Nancy yesterday. No casualties or damage.

THE HAYTI SITUATION.

WASHINGTON, July 30.
Two Americans of the landing force from the cruiser Washington, were killed at Port au Prince, according to a message from Admiral Caperton, received today. The men were members of a patrol and were shot from ambush by snipers last night. The marines returned the fire. No further disturbances occurred. Admiral Caperton reported that the town was attacked from the south at 8 o'clock last night. He had been warned and disposed his forces of defence and repulsed it. He said there was no cause for alarm. The battleship Connecticut, with 500 additional marines, has been ordered to Port au Prince from Philadelphia.

REITERATED CHARGE.

WASHINGTON, July 30.
President Samuel Gompers, of the American Federation of Labor, today reiterated the charge that foreign influences have been working to make strikes in the States, and called upon workmen to discountenance any such attempts.

COLLIERY TRAGEDY.

PITTSBURG, July 30.
Eight men were killed and twelve injured in the Patterson mine, United Coal Co., near Elizabeth, Penn., fifteen miles from here, this afternoon, when the cable hauling twelve cars up a steep incline parted.

RUSSIANS ARE FACING SERIOUS PROBLEM.

LONDON, July 31.
The Russians are now facing the problem of evacuating Warsaw and surrounding country, without losing their armies, while the Germanic allies are making an supreme effort to get across their line of retreat. The Tenthers are said to have met with a partial success in this attempt. The Berlin official report this evening says that Von Mackensen has resumed the offensive and has reached the Lublin Cholm railway about midway between these two cities. Southeast of this as far as the Bug River, the Russian front has been shaken. The success of Von Mackensen in getting across this railway after having been virtually stopped by Russian counter-attacks, denies at least to the retreat of the Russians who might still be between him and Warsaw, and also places the Germans in a position to move against the Bug River front, should this be decided upon. British military critics, however, refuse to believe that Grand Duke Nicholas has not provided all contingencies, or that he was not pretty sure of the safety of his troops before indicating to the world he had decided to take up a new line. The Berlin official statement says that the Germans have crossed the Vistula southeast of Warsaw, between Pilia and Kozienic, which leads military writers to believe that the Russians have already fallen back in this region, and that perhaps even the fortress of Ivangorod has been left to its fate. There is no news of the situation on the Narw River, or General Von Buelow's wide outflanking movement in Kovno province. However, the opinion expressed here is that as the German plans contemplate a series of attacks, rather than a simultaneous one, it is likely, they are waiting for Field Marshal Von Mackensen to take some previously arranged positions before they resume the attacks. According to a despatch received here the country around Warsaw has been put to the torch, and the city itself denuded of everything that might be of use to the invaders. It may be some days before the Tenthers occupy the Polish Capital, as the Russians are fighting more than a rearguard action and are still delivering heavy blows on their opponents, and gaining local successes, particularly on the Narw, southeast of Cholm, where they are opposing the efforts of the Austrians to get across the Bug River. Military critics say these local successes will not offset the plans of the Russians falling back on a shorter and stronger front. Whether or not the Tenthers succeed in destroying a large part of the Russian Army, it is expected they will turn a western movement, which, however, will take a couple of months at least. It will therefore be a race between the Germanic forces and the Allies as to which side will take the offensive first in France, where the situation remains the same as it has been for weeks past, except in Alsace where the French continue their attacks on positions protecting Muenster. There has been sharp fighting here, the French advance converging from the north and from Metzeral, southeast of Muenster. An official this morning says that the enemy began the bombardment of our trenches north and south of Hooge (east of Ypre), and followed this by an attack with flame projectors, delivered against trenches recently taken by us. By this means the enemy

succeeded in penetrating our first line of trenches on a front of about 500 yards. Fighting is still in progress.

IMPORTANT INDUSTRY—The s.s. Bromora, 4,000 tons, is due at E. Col-lishaw's Mill, Alexander Bay, to-day to load pit-props. This mill is one of our growing industries, giving employment to 600 men in the woods last winter, and 50 at the mill sawing this summer. Mr. Collishaw is also operating extensively at Badger, and this year the largest lumber manu-facturer in the Colony.

TO THE STORE THAT SAVES YOU MONEY.

Ten Strong Reasons

Why You should Buy Your Furniture from us.

- 1st—We produce our own lumber which goes into the Furniture and saves considerable in cost.
- 2nd—We have the Surface Oak finish for our Furniture, which is the only thing of its kind in the country.
- 3rd—We import our own Coverings for our Parlour Suites, thus saving two duties, as most all the imported Suites come from Canada and the United States, and they have to import their coverings from France or some of the European countries, and pay duty into Canada or the States. We avoid the second duty by getting the Covering ourselves and having the frames made here.
- 4th—We have our Springs made from the wire by the only Weaver in the country; also the Oxford or Copper Wire Spring by machines too.
- 5th—We have our Mattresses made by machinery in our own building, the only machine of its kind in the country. It can produce 50 against 10 by hand, thus saving considerable in cost.
- 6th—We are producing the Excelsior or Wood Fibre and cutting the cost in two, which will mean considerable saving in the making of Mattresses.
- 7th—We are also selling agents for the celebrated Ideal Beds and Springs and sell at factory price.
- 8th—We also have the COMBINATION LATH and SPRING BED, the only thing of its kind in the country.
- 9th—Having the factory in the same building, we can handle all sizes all repairing; in fact you can choose your own Coverings for Parlour Suites, Mattresses, etc., and have it made to order.
- 10th—Our motto (last but not least) is to sell at the lowest possible prices, and despite the serious advance in prices all round, we are, where possible, reducing the prices, WHICH SHOULD APPEAL TO EVERY HOUSEKEEPER when in need of Furniture and Furnishings, as we now by arrangement work from the "Tree to the Home," thus cutting out all middlemen's profits.

SAFETY FIRST

Grips like the sole of an athlete's shoe

The cross bars on a football player's shoes give him a firm footing—he is able to run, jump, make sharp, quick turns with more assurance and safety.

The specially toughened Safety Bars on Goodrich Tyres cut through the film, and obtain a firm grip on the road surface—thus preventing the skid from starting.

And there's another reason why you should equip with Goodrich Safety Treads—the extra thickness at the point of contact insures extra wear.
