Knock Down

Motor Engines.

A new idea in Motors.
We have secured the agency for
the celebrated "Knock Down Motor
Engines." Each part of these engines
is made so perfect that it is not ne-
cessary to assemble and test the en-
gine before shipment. You save the
cost of all that work by doing the
work yourself.
All parts of the engine are care-
fully packed and shipped just as they
come from the automatic machines at
the factory—not even painted—full
instructions for assembling, including
pictures with number and name of
each part, are sent you. The Com-
pany guarantees that every part will
fit perfectly, and that any man who
can read English and use a wrench
can set them up.
These engines are guaranteed ex-
actly the same as common engines
that have been fitted and tested at
the factory and sold at double the
price. Why not save a month's wages
by setting up your own engine.
These engines are 2 cycle. Price
varies to \$150. Terms: half
cash with order, balance on arrival.
On cash orders, can wire order and
have engine sent by express. Pur-
chaser to pay differences in charges.
