"MAKING MONEY MAKE MONEY."

Everyone who has a few hundred dollars isn't able to go into the world and make that money earn as much as it should. All men have their own business to attend to and probably haven't the time to look around for a safe investment. Besides that, there are hundreds of opportunities to put \$100,000 to work where a bare \$100 or \$500 wouldn't get a look in. Our system takes your \$100 and your friend's \$200 and someone else's \$500, and so on, and adds them together with the hundreds of other investors in other cities, making a grand total of hundreds of thousands. Thus, and only thus, are really big profits possible. That is why we can offer you 15 per cent on your money. How much do YOU want to invest at 15 per cent per year?
