make one that the others will have to

go some to beat. And then there is

a brand new crew in the Mary con-

sisting of the boys of the Commercial

Cable Company, who, it will be re-

membered, applied for permission to

enter the Mercantile Race, but were

At 3 p.m. the District Race will be

rowed. Joe Hussey has a husky crew

from the Southside for the Guard.

Harold (Pad) Burt is assembling the

East End representatives for the

the Central crack crew with "Demp

sey" Picco on the stroke. The Nel-

lie R. has been secured by Mike Walsh

for the West Enders where all the

good oarsmen reside. This will be

possibly the most interesting race for

the day as the selection of crews is

confined to certain residential boun-

And now at 3.30 will come the most

popular item for the day, the Fisher-

men's race. There is something about

the dash and style of the sons of the

sea that make an instant appeal to

the "bank." Their style of rowing

is entirely different to that of those

who pursue other vocations. The cars

are but feathers in their brawny grip

and they actually seem to lift the

shells from the water with the force

nineteen years ago when the sturdy

case of emergency. 'The Officers' Mess are pleased to welcome Mr. George Franklin back to/Nfid. and he will be the special guest of the Mess during this week. Mr. Franklin is a on of Lt.-Col. W., H. Franklin, D. S.O. an officer wholdid yeoman service for many years to keep the Brigade efficient during hard times before the war. The Colonel was glad to see

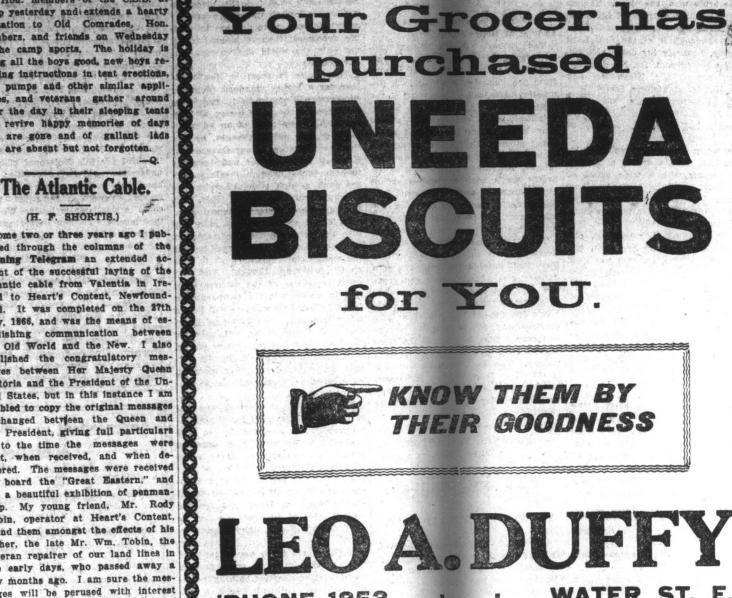

the Hon. members of the C.L.B. at camp yesterday and extends a heart; invitation to Old Comrades, Hon embers, and friends on Wednesday at the camp sports. The holiday i Stirling, doing all the boys good, new boys receiving instructions in tent erections after the day in and revive happy memories of day that are gone and of gallant lads who are absent but not forgotten. -0.

(H. F. SHORTIS.) Some two or three years ago I pub lished through the columns of the Evening Telegram an extended ac count of the successful laying of the Atlantic cable from Valentia in Ire land to Heart's Content, Newfoundland. It was completed on the 27th Inly 1866, and was the means of establishing communication between

the Old World and the New. I also published the congratulatory mes sages between Her Majesty Queen Victoria and the President of the United States, but in this instance I am enabled to copy the original messages exchanged between the Queen and the President, giving full particulars as to the time the messages were sent, when received, and when delivered. The messages were received er skill and ingenuity in making the Williams, Captains Short, of Grand on board the "Great Eastern," and ship. My young friend, Mr. Rody Tobin, operator at Heart's Content, found them amongst the effects of his father, the late Mr. Wm. Tobin, the veteran repairer of our land lines in the early days, who passed away few months ago. I am sure the messages will be perused with interest by the readers of the Telegrammore particularly the message from the Secretary of State, Washington, to Cyrus W. Field, Heart's Content. The who in fine voice addressed the gathfollowing is a verbatim copy of the the messages. The original I shall place in the Museum. THE QUEEN'S MESSAGE.

shape and the other bent and out of condition by the heat or "tested and Received on board the "Great Eastern" July 27th, 1866. Commenced refound wanting." He appealed to all ceiving 11.28 a.m., finished 11.49 a.m. to be manly and to play the game. Some slight showers occurred at this "The Queen, Osbourne, to the President of the United States, Washmoment but the clergy "carried on" and the rain was only light. Afterinton. noon tea was served by Mrs. Walter "The Queen congratulates the Pre-Rendell and Mrs. Tasker Cook assist- sident on the successful completion ed by Mrs. A.
