age Laws of England, Ireland and Secud, the diegraceful condition of white escandal of the famous Yelverton card bare. This celebrated marriage tries ries of trials in 1865, led to the animant of a Boyal Commission to it tigate into the marriage laws of the countries. On the commission to the present Lord Chancellor and estancellors Carras, Chelmsford and Harly, with other distinguished judges or three years consideration they dead, with the exception of Lord Presist Inglis, a Scotch judge, that the riage laws throughout the two Kings should be assimilated, and that is kind of public ceremony should be ared necessary to constitute marriand that, consequently, the law of land on the subject should be read.

ALL THE DIFFERENCE.—The real cause of the virtuous indignation of the Tory organs at the idea of a judge returning to political life, as Mr. Mowat has done, slips out accidently in the course of a long article in the Toronto "official" paper. Had Sir John Macdonald, we are told, invited Mr. Mowat to take a seat in the Dominion Cabinet, people would not have thought so much of it, but that he should have descended to the position of Premier of Ontario was something awful to contemplate—as though the premier-ship of the first province in Canada was a position immeasureably beneath the lowest seat in the Dominion Cabinet But the great point of the difference lies here—had Sir John invited a judge to come down from the Bench and assisted the great U. Prog. party it would not have beenga bad thing for the judge to consent. But then, it was not the U. P. party; it is the horrid Grit! and thereomplexion, morally as well as politically.—London Advertier.

BREAKFAST—EPFS'S COCOA — GRATEFUL and COMPORTING.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctors bills.—Civil Service Gazette. Made simply with bolling water or milk. Each packet is labelled "James Epps & Co., Homeopatite Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)

WILD CHERRY BALSAM.—The memory

of Epps's Milky Coosa (Cocoa and Condensed Milk.)

WILD CHERRY BALSAM.—The memory of Dr. Wistar is embalmed in the hearts of thousands whom his Balsam of Wild Cherry has cured of coughs, colds, consumption, or some other form of Pulmonary disease. It is now over forty years since this preparation was brought before the public, and yet the demand for it is constantly increasing.

Mr Fellows is daily in receipt of letters of enquiry, from various parts, respecting his Syrup of Hypophosphites. One rehently received, leads to the belief that che public mistake his meaning in reference to its effect in imparting superior energy to the mind. Where the intellect has been impaired by overwork or by kindred causes, the use of the Syrup, together with proper precaution in the use of food, clothing exercise and rest, will restorefull power to the brain and nerves. Superiority in genius cansists in great capeity of brain for assimilating material from every quarter, and of developing in proportion, but as by far the greater number are not well endowed by nature, consequently lacking this capacity, it would be quite impossible fo find cranium sense for material necessary to constitute the brilliant genius. Hence, although the Syrup will assist in restoring the mind which is lost, it cannot change a natural born idiot into an intelligent man.

CAUTION.

The Cornwall Manufacturing Company have pleasure in intimating the complete restoration of their works at Cornwall which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Tweeds.

They regret, however, having again to call attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with a small percentage of pure Wool, and though sightly in appearance, closely imitating the Cornwall Blankets, and ticketed "Canadian Manufacture," have neither warm nor wear, but can be gold at a lower price than the Cornwall Blankets (which are made of Pure Wool can be produced for.
