B. Watson leaves today for months' visit to London, England.

Grand National Steeplechase pictures commence on Monday next at Stirling.

Rev. F. W. Pratt will give the third address upon the "Modern View of the Bible" at the Empire theatre Sunday evening. The special subject will be "Infallibility and Inspiration."

Trading on a good name and deceiving the public is what the imitators of the well-known "The D. & L." Mental Plaster are doing. Don't be fooled. Insist on the genuine. "The D. & L."

The Southern Alberta Land company intends to open an office in Calgary for the sale of lands in its irrigation tract in a couple of weeks. Harold Harvey will represent the company in this city.

We wish that every man had a beautiful home. The rarest, the best and most desirable that ever came to our country are Ramsay's Farms, correct for price and good taste. They are sold by A. McBride & Co.

Mr. W. D. McCallum has just arrived from a five months absence in Honolulu on business in connection with the Sun Life Assurance Co. Mr. McCallum leaves today for a visit to the headquarters of the company at Montreal. Mr. and Mrs. McCallum and family are guests at Braemar Lodge.

The reputation of a reliable firm stands back of The Bronx in recommending it as an exceptional opportunity for profitable investment. A great future awaits property owners who act along the Bow and Car lines. You are invited to look it over. Our automobiles are at your service. Phone for appointment. William A. Hotels Still Crowded.
There were ninety-eight guests registered at one Calgary hotel yesterday and a number were turned away on account of lack of accommodation. If ever a city needed more hotel accommodation, that place is Calgary at the present time.

Spring Medicine

There is no other season when medicine is so much needed as in the spring. The blood is impure and impoverished—a condition indicated by pimples, boils and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength.

The best spring medicine, according to the experience and testimony of thousands annually, is
Hood's Sarsaparilla
It purifies and enriches the blood, cures eruptions, builds up the system. Get it today. Sold by all druggists everywhere. 100 Doses \$1.

Masonic Lodge of Mourning.

The joint lodge of mourning to be held by the four Calgary lodges of A. F. & A. M. will take place tomorrow afternoon at 2 o'clock in the Masonic temple, Alexander block. The grand master for Alberta, J. T. Macdonald, will conduct the impressive ceremonies, assisted by members high up in the fraternity.

Meeting of East Calgary Free Masons

A meeting of the members of the Masonic fraternity in East Calgary will be held in the office of the Western Mills on Monday evening, May 16, at 7:30, for the purpose of receiving the report of the committee appointed at the last meeting in regard to the organizing of a lodge in that part of the city.

Home Missions Offerings

Members and adherents of Knox Presbyterian Church are reminded that their offerings to the Home Mission work in the Presbyterian of Calgary are to be placed on the plates, and in the envelopes provided for the purpose, at tomorrow's services. The offering is to be the earnings of last Wednesday. This contribution to Christian work in our corner of the Empire is particularly appropriate at this time.

Keep the Balance Up

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

Large Emigration From England

London, May 15.—Four of the principal shipping companies in Liverpool have booked 19,770 agriculturalists and artisans for Canada and the United States during the past fortnight, compared with 14,500 for the corresponding period last year.

ANOTHER BIG INDUSTRY MAY COME TO CALGARY

Secretary of Board of Trade in Correspondence With Wisconsin Parties

Secretary Webster of the board of trade is corresponding with a large manufacturing concern with a view to its locating here, and in a few days the board will meet to discuss the proposition.

It is a big thing and if the city of Calgary lands it, Calgary will be the home of the largest industrial plant west of the great lakes.

Mr. Webster was not very communicative in regard to details of the plant, preferring to wait until he has some positive assurance that the concern will locate here. He stated that it will employ five hundred hands the year round, and will have a very large payroll, as the labor employed is of a high class mechanical nature.

At present the company has a plant in operation in Wisconsin, and manufactures some kind of farm machinery. These are all the details that the secretary of the board would give out for publication, but he stated that there was every likelihood of Calgary securing this big firm.

Coughs, Colds BRONCHITIS

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It is because the healing vapor of Catarrhzone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhzone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully soothing vapor of Catarrhzone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

To permanently cure your winter ill, your coughs, sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhzone. But beware of the substitutor and imitator. Look for Catarrhzone only, 50c and \$1, at all dealers.

Catarrhzone Just breathe it.

AT THE THEATRES.

The Lyric Theater

"Are you an Odd Fellow?" will be given its performance at the Lyric theater tonight by the Eckhardt company. For Monday and Tuesday nights "Paid in Full" will be the offering. The story affords opportunities for high class acting which are embraced in all parts by the Eckhardt company. The costumes worn by the female members are rich and handsome. In "Paid in Full" the Eckhardt company has scored its greatest triumph.

Miss Grace Cameron, who appears in C. H. Kerr's comedy "Nancy," at the Lyric theater on Wednesday and Thursday, May 18 and 19, was educated for grand opera and speaks four different languages as fluently as she does English. Her versatility is wide-spread as shown by her many parts. Within two weeks she has played Marguerite in the opera "Faust," with the Savages Grand Opera company, and Daphne, a boy's substitute part in "Foxy Quiller" at the Broadway theater.

The Orpheum Theater

Beginning Monday "Batter's Paradise" will be the offering by Bernard's Musical Merry Makers at the Orpheum and should be a banner week. This will be the third week at the Orpheum and Mr. Sherman states that they will most likely remain for some time.

A Matinee is given every day.

and each day more ladies are in attendance.

The Grand National

The Grand National which was won by Jenkinson on March 16, at Altness, covers a distance of four miles 856 yards, which necessitates, with the exception of the water jump and the formidable fence preceding it, two complete circuits of the course. According to old chroniclers Altness and the surrounding district was the birthplace of stoic chieftains, for at the time of the Norman Conquest it is regarded that the people indulged freely in the chase. Such will be a subject of intense interest when presented by motion picture at Stirling on Monday. The race, of but a few weeks ago, will be depicted just as the camera saw it, and the patrons will see how Jenkinson got home with the 3,000 sovs.

CALGARY POLICE FORCE

IN THEIR NEW CLOTHES

Present a Very Neat and Natty Appearance and Look Quite Military.

The Calgary Police force may now be seen adorned in the new uniform purchased by the city and the change is a decided improvement in the appearance of the members of the force.

The Inspector's uniform is a plain serge with braid on the front and back without buttons and fastening with hooks and eyes. The sergeant's uniform is a tunic, but having black buttons in place of gilt. They do not wear stripes on their arms to denote their rank. The constables' uniform is the same as formerly, with the exception of the crown of the helmet, which is of the latest military style. The clothes were supplied by Archie Nimmo, representative of the Crown Tailoring company, who received the contract for the year.

The Ingredients Used In NA-DRU-CO

Medicinal and Toilet Preparations are of the same high quality as those your druggist uses in filling your physician's prescriptions.

The National Drug and Chemical Company supplies the greater part of the drugs dispensed by the physicians and druggists of Canada, and it is probable that the ingredients used by your own druggist in his prescription work came from our warehouses.

From these same warehouses come the ingredients used by our expert chemists in compounding NA-DRU-CO preparations. Every ounce of material used in every NA-DRU-CO article is the best that our skilled buyers can select from the world's markets.

We Can Afford

to use only the very best materials because, buying in immense quantities for our wholesale trade, we get the best crude drugs at rock bottom prices. In our chemical laboratories these raw materials are refined and prepared by expert chemists and subjected to rigid tests both for strength and purity before being used in NA-DRU-CO preparations.

NA-DRU-CO Cod Liver Oil Compound, for instance, is made from the best of materials, by our expert chemists, and is consequently the most perfect tonic. NA-DRU-CO Nervozone is another striking example of the results our skilled chemists get from good ingredients.

We Could Not Afford

to use any but the finest and purest materials in each and every NA-DRU-CO preparation, because the quality of each depends the future of the whole line. Linked together as they are by the NA-DRU-CO Trade Mark, a single article found unreliable would go far to destroy your confidence in all NA-DRU-CO goods.

Ask your druggist about the quality of the drugs he supplies to him—about our facilities for compounding superior medicinal and toilet preparations—about our reliability.

Go a little further if you like, and ask your physician or your druggist what goes into NA-DRU-CO preparations. They can tell you, for we will furnish to any physician or druggist in Canada, on request, a full list of the ingredients in any NA-DRU-CO preparation.

"Money Back"

Furthermore, if any NA-DRU-CO article you buy does not entirely satisfy you, return it and your druggist will refund your money.

If your druggist has not the NA-DRU-CO article you want in stock he can get it for you within two days from our nearest wholesale branch.

Event of 300 Years Ago Today

In connection with the death of "Edward the Peacemaker," it is interesting to recall that exactly three hundred years ago today (May 14, 1610), the fanatic monk Francois Ravallac, plunged his dagger into the heart of Henri IV, King of France, best known as Henri the Great. That monarch (one of the best and ablest kings who ever sat upon a throne), was far in advance of his age, and paid the usual penalty, a violent death. He had conceived the sublime idea of a kind of federation of the various European states, and the creation of what we would now call a Board of International Arbitration for the peaceful solution of vexed questions without an appeal to the sword. But this scheme (commonly known as his "Great Design"), prompted to interfere with the grasping ambition of the House of Austria and the political intrigues of the Jesuits. As a consequence, he fell by assassination on May 14, 1610, while driving in his carriage through the streets of Paris.

CITIZENS INVITED TO MEMORIAL SERVICE

The R. N. W. M. P., the 15th Light Horse, the 103rd Rifle, and Fraternal Societies, invited to Attend

To the Citizens of Calgary.—

The Ministerial Association, having conferred with the city commissioners, beg to inform you that a memorial service to our late beloved Sovereign the King will be held in Sherman's Rink on the morning of Friday, May 14th at 11 o'clock. All citizens are invited to this service. We will, however, be glad to have the R. N. W. M. P., the 15th Light Horse, the 103rd Rifle Regiment and the lodges of the city attend in a body, and will arrange for suitable accommodation in the rink on receipt of their acceptance of this fell by assassination on May 14, 1610, the number of seats required. The ministers of the various denominations are

requested to give notice from their pulpits on Sunday of this public memorial service.

Committee representing Ministerial Association, G. W. KERBY, Convener, J. A. CLARKE, J. C. STAMORE.
