Parkhouse vs. Bennett.

This case came up at Toronto at the court of appeal, before Chief Justice Armour and Judges Osler, Maclennan, Moss and Lister. It was an appeal by defendants from order of a divisional court, reversing judgment of non-suit entered by Meredith, J., at the close of plaintiff's case, and directing a new trial. Action at common law, and under the workmen's at common law, and under the workmen's act, for damages. The plaintiff was employed in defendant's furniture factory, in the city of London, and while dressing blocks upon a dressing machine, or jointer, pursuant to instructions, had one of his hands cut off, owing to the alleged defective construction of the machine. The divisional court held that there was evidence that the plaintiff was told by the foreman that any block four inches long was good enough to dress, which was evidence to go to the jury. There was evidence that blocks four inches long ought not to be dressed, which was a guestion of perligence for the ought not to be dressed, which was a question of negligence for the jury to pass upon, if such an order to plaintiff was given by the foreman; that if the machine, though in the little of the such as the such a creamery, 14½c and 19c; state dairy, 13c to 22c. ASTHMA Can Be Cured

And Is Being Permanently Cured Daily by Clarke's Kola Compound.

Why do you continue to suffer from this terrible, torturing disease? Now, honestly, why do you? You know it is tearing down your system and making your life miserable. There is only one way out of your difficulty. Take Clarke's Kola Compound. It has cured thousands of others, and will cure you.

Mr. R. N. Hume, C. P. R. engineer, Western Division, Kamloops, B. C., writes: "For more than twelve years I had been troubled more or less with asthma, and during the last two years the attacks became so severe and frequent that I had to lay off work for weeks at a time: Many nights I could not sleep lying down at all. Nothing I could get gave me more than a little temporary relief until the C. P. R. doctor prescribed Clarke's Kola Compound for me in December, '37. I took in all three bottles, which helped me from the start, and since completing the third bottle have been completely cured. I have not had a single attack of asthma now for nearly three years, and express a pleasure in recommending anything so worthy as Clarke's Kola Compound. I know a lady in our town even worse than I was, whom it has cured."

Clarke's Kola Compound is sold by Chemists everywhere. 22 per bottle, or three for \$5. Book on Asthma mailed free by the G. & M. Co., Limited, 121 Church street, Toronto, '2 aada. Sold by Anderson & Nelles. your life miserable. There is only one

Butchering Deer in the Water. This journal stood alone for years in its determined hostility to the shooting of deer in the water, and when the legislature passed a law prohibiting the we never imagined practice. possible that it would be voked. Such, however, was case, and though in answer to the circulars sent out by the department, the majority of the replies were opposed to the privilege being again granted, the minister saw fit to disregard the protest and again allow the pot-hunters their way. There is no more sport in killing deer in the water than knifing lambs in the slaughter-house. The writer of this has hunted deer for over 20 years, and during the time that it was legal to kill in the water, he has seen many a one clubbed to death by men who excused their action by saying there was no use wasting ammunition. man who "still" hunts or shoots his deer ahead of the dogs in the woods fairly earns his venison, but the game has no fair chance when it can be driven to the water and killed there. Lots of men now go hunting who are actually afraid to go 500 yards into the woods for fear of losing themselves; hunters of this stamp wouldn't kill a deer in ten seasons; but when these same men are located in boats on a lake and experienced guides are hired to put out the dogs and run deer to the water -thus guarded they can butcher them at their leisure. If an amendment to the game protection act prohibiting the killing of deer in the water is submitted to the legislature this season it should
