Dear Sirs : As I am one of the thousands the best intentions. at have been benefited by your Dr. Wood's orway Pine Syrup, I thought it my duty give you a description of my case. "I 19 years of age and was always in the of health until last spring when I ht a severe cold by going about with teet. It settled in my chest and all remedies I tried would not stir it. to reject outright Education Minister Briand's circular on the subject of ends began to fear it had turned to It is pointed out that the Government ntion and were advising me to go would interpret such a rejection as a specialist. One day my father me a bottle of Dr. Wood's Norrup. I laughed at the idea of good and refused to take it, and reach an understanding with the French Government on the question of last resource would I. When I ad one bottle I had only a slight and before I had taken a quarter of the separation of church and state.

s well as ever I was, if not I never fail to recomy all use it. To show my stion of this remedy I will gladly letters in reference to it. Be-

WEATHER RECORD FOR PAST MONTH

Ontario, as Shown by the Government Report.

The temperature during January was below the average in all portions of the Dominion except in the peninsula of Ontario, where it was either average

In this Province the precipitation was above the average amount in the Lake Superior region and in the peninsula of Ontario and much below again in the eastern portion of the Province, Kingston recording a negative departure of 1.2 inches; Ottawa 2.3 inches and Rockliffe 1.1 inches.

In the Lake Superior district and in far northern localities, the snow on the ground varies from 18 to 24 inches, elsewhere from 3 to 10 inches.

The thickness of ice at Port Stanley is 8 inches, Kingston 14 inches, Rockliffe 30 inches, Ottawa 30 inches, Toronto 10 inches, Georgetown 15 inches, Arden 19 inches, Port Dover 12 inches, Meaford 10 inches, Gravenhurst 25

The weather of January was mostly policy loans 27,618 88 cold, the mean temperature being below Cash in bank and office 23,822 01 the average except in southwestern districts where the normal was slightly 85 exceeded. Precipitation was deficient in the eastern portions of the Prov-

The Kind You Have Always Bought

The Kind You Have Always Bought Chart Hetchire A The Kind You Have Always Bought

BUY SILVER BIRD

At 15 Cents Per Share

This map can be relied upon for accuracy as to location of the mines indicated. It is drawn from and upon the same scale as the official maps. The shaft-houses indicate the correct locations of the working of the mines. Silver Bird may be seen in the centre of the map.

SILVER BIRD is surrounded by the greatest producing mines in the Cobalt District.

SILVER BIRD is absolutely inside property, consisting of twenty acres (patented), being the west half of the north-east quarter of the north half of Lot 3, concession 6, Coleman.

ILVER BIRD is a mine in full operation, with two 25 h.p. boilers, steam holst, steam drills and all machinery and buildings necessary to complete an operating mine.

SILVER BIRD is working two shifts and is in full operation both day and night, sinking upon three veins and in the same formations identical y as in the O'Brien, Timmins and Right of Way mines and lying immediately between these mines and the Green-Mechan. Red Rock, Cobalt Contact and Nipissing Extension. The veins are broadening out and are increasing in values, with depth now 40 ft. in shaft.

SILVER BIRD has no indebtedness; there are no incumbrances against the property or stock of the company. The capitalization of The Silver Bird Cobalt Mines, Limited, is but \$1,500,000.00, par value of the shares \$1.00 each, with 500,000 shares in the treasury, of which 200,000 shares are now offered to the public for subscription at 15 cents per share.

Considering the inside location of the property, development done, results obtained, low capitalization and the large amount of shares in the treasury, this is unquestionably one of the best bargains (if not the greatest bargain) that has been offered in Cobalt mining shares. We predict this first allotment will be largely oversubscribed and we urge that early application be made.

To guard against over-issue and to guarantee to investors the genuineness of the certificates when issued-also the prompt and safe delivery of same-srrangements have been made with The Trusts and Guarantee Company, Limited, 14 King street west, Toronto, to act as Trustees, Transfer Agents and Registrars.
