TOYTOWN

In the Basement—The Children's Great Christmas Toy Store

If you were in Toytown today you would think by the enthusiasm of the juvenile population that here is a town that will boom forever, but we are nearing the climax, and in two weeks Toytown will look more like a deserted village than the thriving town it is today. The climax will be reached two weeks from tonight, when as in one night, the entire population will migrate to other quarters. Many are already packed up waiting for transportation, and the doll city is being depopulated. Entire companies are being taken prisoners daily, but we have the assurance from their captors that they will receive good treatment and be given good homes. VISIT TOYTOWN EARLY NEXT WEEK.
