THE LOCAL MARKET.
Market this morning was practically deserted. A few scattered loads of hay were the only offerings. They sold for \$14 to \$15.50 per ton.

Although wheat has taken a slight drop in the last few days, it is the belief of the dealers now that the price will remain very firm for some time yet. The drop in price was occasioned by the large supply being put on the market recently.

Oats also remain high, at quoted prices. Meats are firm, and keep steady at a high price. There has been very little change in prices in any lines except grain in the last week.

Winnipeg, Sept. 22.—The business of Monday was continued today, although selling pressure was scarcely so pronounced. Liverpool cables also influenced, futures being easier. Wheat opened at 1 1/2c lower; oats, 1/4c lower, and flax, 1/2c lower. The range in wheat later was 1c to 1 1/2c; oats, 1/4c to 1/2c; flax, 1/2c to 1/4c. The volume of trading was light. The weather throughout the prairie provinces has been fine, with a rain in Manitoba, and light frosts further west.

Closing figures were 1 1/2c to 2c lower for wheat, and 1 1/2c lower for oats. In cash circles there was very little doing, the demand for all grades of flax quiet. Oats were only fair; flax quiet, while barley was more active. Cash grains closed: Wheat, 2c lower; oats, 2c lower; barley, unchanged. Flax, 1c lower. Cars inspected Monday numbered 1,531, as against 1,462 last year; and in sight were 1,550.
