SON TOLD MOTHER MERITS OF TANLAC

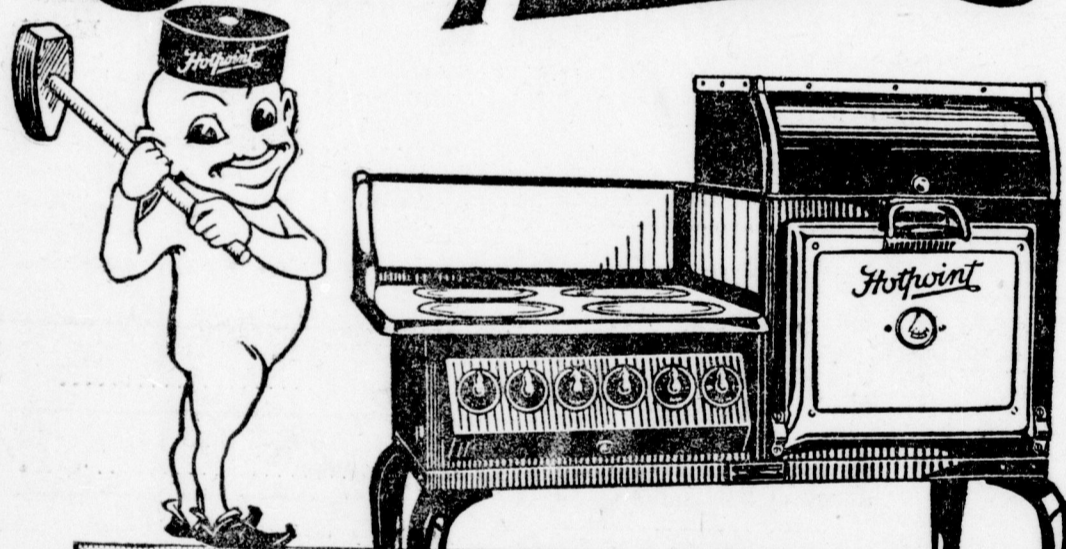

"The best I can say is not half good enough for Tanlac," is the exact statement of Mrs. Marie Sweeney, 264 Murray street, Peterboro, Ont. "I was all rundown, weak and thin and just suffered agony from indigestion. I had dreadful stomach pains and gas would almost convulse me. Nervousness nearly set me distracted and many nights it was almost daylight before I could get to sleep.

"My son had come home from the war, shell-shocked, extremely nervous and so thin we hardly knew him. He wrote from Detroit 'Mother, get Tanlac for it has made a new man of me.' The medicine had actually built him up 35 pounds. Well, I took it, too, and every ailment left me. I gained 12 pounds, and was soon as strong and healthy as ever. While that was a year and a half ago, I have never had a sick spell since, and I am still feeling fine."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

DOCKERS' STRIKE BELIEVED NEAR

Stiffening of Employer's Attitude Brings Crisis in British Dispute.

NEGOTIATIONS TOTTER

Canadian Press Despatch.
London, Feb. 13.—Hopes of a settlement of the dockers' dispute were not realized, and it is feared that the negotiations may break down. Hopes were built on the readiness of provincial employers to grant the union's demands.

The London employers developed a strong opposition to the concession of one shilling a day, however, and their influence caused such a stiffening of the employers' attitude that tonight a strike on Saturday is regarded as a real possibility.

According to late reports last night the dock workers had agreed to accept an increase of one shilling a day in their wages with another shilling to be added later—this after a conference of the employers and workers with the ministry of labor. The men originally demanded an increase of two shillings per day immediately.

RAILWAY BOARD DEBATES ADJUSTMENT OF WAGES

Canadian Press Despatch.
Montreal, Feb. 14.—Conferences are being continued today of the Canadian Railway board of adjustment. No. 1 in session here this week. It was stated on high authority that questions of interpretation of wage agreements affecting engineers and firemen were still under discussion, but that nothing definite has been arrived at and that no statement could be made at the present time.

RECORD FREIGHT TRAFFIC CARRIED OVER U. S. ROADS

Associated Press Despatch.
Washington, Feb. 14.—A record amount of freight traffic was carried by the railroads of the United States in 1923, according to complete reports filed today with the bureau of railway economics. Traffic handled during 1923 amounted to 437,500,000 net ton miles, which exceeded by 2.3 per cent the 1922 total, the previous high record.

NEW ELECTIONS FOR BORDER CITY

Justice Logie's Decision Means That Last Windsor Election Is Invalidated.

Canadian Press Despatch.
Toronto, Feb. 14.—In legal circles here it is considered that the decision of Mr. Justice Logie yesterday invalidates the Windsor municipal elections last December affects not only the mayor and aldermen, but also the school board elections. It is pointed out that the election of the mayor is undoubtedly set aside although Mr. Justice Logie remarks that the general conditions under which the last elections substantially affected the result "if not as to the mayor at least as regards aldermen."

The school board is not mentioned in the judgment and the words which declare the municipal election invalid and void and which direct a new election are taken to apply to the school board as well as to the mayor and aldermen as the board is not excepted.

TORONTO POLICE ASK FOR RADIO EQUIPMENT

Chief of Police Dickson of Toronto Will Ask For Grant.

Canadian Press Despatch.
Toronto, Feb. 14.—Chief of Police Dickson will ask the board of police commissioners to pass a sum for the purchase of radio equipment, he announced today.

"The radio is a modern weapon now for police warfare on the activities of criminals," the chief stated. "Radio is being brought into use in police work all over this continent. Its use has a decided value in police work. Toronto cannot be behind in that respect. It is one of the things that will help to broadcast the news of serious hold-ups and descriptions of criminals."

FEDERAL PARLIAMENT NOT TO IGNORE REQUEST

Canadian Press Despatch.
Toronto, Feb. 14.—There is an almost unanimous feeling of members of the Ontario Legislature that the Ontario government's proposal for power development on the St. Lawrence will not be ignored by the federal government.

Premier Ferguson said this morning that he thought there was a very favorable feeling at Ottawa towards the proposition.

CARTER'S BREAK SUBJECT OF OFFICIAL INQUIRY

Associated Press Despatch.
Luxor, Egypt, Feb. 14.—The interrupted slumber of King Tut has been resumed, as the great golden effigy of the pharaoh reappears up at the raised granite lid of his coffin behind the padlocked doors of his tomb.

The precincts are patrolled by specially strengthened police guards with loaded rifles and with strict injunctions to prevent access to anyone. Howard Carter has retired to his house worn out with fatigue and worry, while in Cairo the Egyptian premier is specially inquiring into the legal aspects of the dramatic breach between the excavators and the government.

CHANGE IN FRENCH POLICY IN RUHR IS UNCERTAIN

Associated Press Despatch.
Paris, Feb. 14.—That a change in the French policy with reference to the Ruhr is not so imminent as is believed by the newspapers in opposition to the Poincare government appears from an article by Poincare in Echo de Paris, declaring that the idea of a vote face on Premier Poincare's part is purely imaginary and asserting that France still adheres to her irreducible minimum on the Ruhr question. The article expresses considerable doubt as to whether Premier MacDonald and Poincare can succeed in reaching an understanding.

INDICTMENTS RETURNED BY ILLINOIS GRAND JURY

Associated Press Despatch.
Marion, Ill., Feb. 14.—Forty-eight indictments were returned yesterday by the Williamson County grand jury which has been in session here for the last two weeks investigating the acts of S. Glenn Young, dry raid leader, and other raid leaders. The alleged illegal arrest of the foreman of the grand jury, and allegations of theft and assault, advanced by those arrested in the recent raids. Twenty-four prisoners, arrested in Marion last Friday for alleged complicity in the shooting of Constable Jackle and other charges were released here yesterday. The coroner's jury verdict made recommendation, but stated Jackle was shot by the Shelton

Pupils of all schools must show proof of having been vaccinated within the past seven years or be vaccinated at once.

Bigamy Alleged.

Eliza Haskell of Ridgeway faced a charge of bigamy in the county police court today. It was alleged that she went through the form of marriage with William Clayton at Ridgeway June 6, 1923, and that her husband, William Haskell, is alive in Detroit. The woman protested that Haskell obtained a divorce in American courts, and had since married. The case was enlarged until Thursday.

Disappears Again.

For the second time in a few weeks, 12-year-old Clara Ross disappeared for several hours yesterday. The girl left home for school, and was found late last night at the Lague, a few miles west of the city, where she was found when she disappeared before.

LUMBER SHIPMENT IS LIQUOR CACHE

Customs Officers Make Seizure At Tunnel—Shipment Held At Border.

ITALIANS SENTENCED

Special to The Advertiser.

Sarnia, Feb. 13.—Canadian and Scotch liquors, valued at about \$7,000, are in possession of Port Huron customs officers, and consignor in Chicago are waiting for a shipment that will never arrive. A freight car containing about 18,000 feet of lumber arrived in the tunnel yards Monday from a small town near Montreal, billed to the Western Union Equipment Company of Chicago. The fact that a freight car was being used in which to ship a little lumber aroused suspicion. The car was opened by customs officers and buried under the lumber were 151 cases of liquor. Port Huron officials were then advised from here.

Sent To Penitentiary.
Justice Rose in supreme court late this afternoon sentenced Brunson

NO MORE WEAK AND DIZZY SPELLS

Since She Used MILBURN'S Heart and Nerve Pills

Miss Bertha Charette, Regina, Sask., writes: "I have had a lot of trouble lately, with what I thought was heart trouble, and after any unusual exertion I always felt sick. My doctor advised a complete rest and change, but this I was unable to take."

I became interested in Milburn's Heart and Nerve Pills, so started taking them. I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and creates the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.
