

THE TABLES TURNED.

DETROIT GETS REVENGE FROM LONDON.

The Score Standing 9 to 5—Toledo Wins Again From Toronto, Hamilton Beats Syracuse and Rochester and Buffalo Play a Tie Game—The International Series in Detail.

The Tecumsehs of 1889 suffered their first defeat at the hands of the Detroit team in that city yesterday afternoon, in the presence of about 2,000 spectators, the large majority of whom experienced extreme delight in witnessing the Canadians receive a thrashing. The air was, as on the first day, cold and uninviting, and but very few ladies were out. All who attended, however, were well repaid for braving the inclemency, and left the grounds thoroughly satisfied that they had received the worth of their money. The game up to the last half of the eighth innings was one of the nearest and cleanest any base ball "crank" could have desired to see. The score stood 4 to 3 in Detroit's favor at that time. Walker's pitching had not been touched up to that point, but, whether from easing up in speed, or from being hit in the head by a hard-throwing ball from Kinslow, the Detroiters who came to bat got on to him and slugged his delivery as if he had been shying "jobs" to them. One after another pounded singles, doubles and triples in success, and before the third man was out a total of five runs was added to their score. Walker got hit in this way:—One of the Detroit players was endeavoring to steal from first to second base. Kinslow secured the ball in good time, but in throwing to Dickerson he aimed lower than usual, and unfortunately struck Walker in the back of the head, the latter being turned around to witness, as he thought, the discomfiture of Higgins, the runner who was trying to steal to second. Walker scratched his head for a few moments, but did not seem to suffer from the blow. He did not ask to be relieved, and was not changed. One thing is certain, however, he did not handle the sphere as he had done earlier in the game, and not a few asserted that the slugging done by the Detroiters was due to the blow he had received as narrated. The batting was something terrific in the innings specified. Walker was particularly cool in his position, and handled the ball in good style. Pettie and Shiebeck played as few others in their positions in this League can play them. The most noticeable feature in the game was the puny and spasmodic hitting of the left handed pitcher (Kinslow) by the supposed heavy hitters of the Tecumsehs. The weak end of the batting list carried off the honors yesterday, Kinslow especially being very effective against the delivery of the south-paw twirler. The Detroiters, as has been previously mentioned, are a lithe, energetic team, able to cope with any other nine in the League, and thoroughly earned the second game of the series. A friendly rivalry and good feeling has been engendered between the devotees of base ball in London and Detroit, which cannot but result beneficially during the season for the clubs of both cities. The Detroiters are thoroughly satisfied with the class of ball presented to them the past two days, and will give hearty support to their team. Mr. Bauer umpired very satisfactorily, and bids fair to become popular with all who desire to see fair play and even-handed justice meted out judiciously. The Londoners arrived home at half-past eleven o'clock last night, having been enabled, through the kindness of Supt. Lammour, of the G. T. R., to catch the train which is timed to leave Windsor at 6:30, but which was, by that gentleman's instructions, delayed an hour in order to accommodate the visitors. The game, as it progressed, will be found in the appended description:—

The game opened with Knauss and Goodfellow at bat for the Detroiters, and Shiebeck at bat for the Londoners. He struck for a base hit past first, and was advanced to second on Donovan's easy but towards third base, which was a surprise party to the spectators and players. Knight struck out, so did Dickerson, and so did La Rocque, much to the chagrin and disappointment of all, leaving the other two on first and second bases. Wheelock opened for Detroit, got his first on balls from Walker, and was followed by Campau, who sent a beautiful hit over Donovan's head, permitting Wheelock to tally, and himself to reach third. He went home on McGlone's hit to left field, the striker reaching first, and then second and third on Shafer's hit to Pettie, who felled him out at first. Virtue struck out, and Rooks was put out at first by Prince, alone. Detroit, 2; London, 0.

Prince faced the pitcher for London's second innings, and reached first on a safe hit. He was caught at second by Higgins on Pettie's strike out. Kinslow hit safely and reached first. On a wild pitch he ran to third amidst cheers, and on Walker's safe hit to right field, Kinslow came home. Shiebeck fouled out to Goodfellow, leaving Walker on first. Higgins took the stick for the home team and flied to Dickerson. Knauss succumbed at first by Shiebeck to Prince, and was succeeded by Goodfellow, who flied to Shiebeck and was closed the innings. Detroit, 3; London, 1.

In the third, Donovan went out on a foul fly to McGlone. Knight again struck out, much to the disgust of his friends, and Dickerson was felled out at first by Higgins. Wheelock was hit by pitcher, and on trying to steal second was caught by Kinslow and Pettie. Campau succumbed

to Walker and Prince, and McGlone flied a victim to Pettie and Prince. No change in score.

La Rocque opened the fourth, but did not reach first before the ball. Prince flied to Rooks at centre field, and Pettie to Campau at left. A short and sweet inning. Shafer did not reach first in time, neither did Virtue. Shiebeck threw them both out. Rooks not to first on balls, but was left there by Higgins, who flied to Donovan. Still no change.

In the fifth innings, Kinslow made a pretty three-base hit, amidst the applause of the Londoners, and, on Walker's safe hit over second base, Tom ran home the second time. Shiebeck went out on a foul fly to Virtue. Walker stole second, but was left there by Knight, who flied out to Rooks, Donovan having struck out previously. Knauss, for Detroit, flied to Donovan. Goodfellow was thrown out at first by Shiebeck. Wheelock again got his base on balls, but was left there by Campau, who flied to Pettie.

The sixth opened with Dickerson at bat. He sent one into Rooks' hand at centre field and retired, followed immediately afterwards by La Rocque on a foul fly to Goodfellow. Prince struck out. McGlone flied to Donovan. Shafer was thrown out at first by Pettie, and Virtue at the same bag by Walker.

For the seventh innings Pettie got a life at first by Virtue dropping a nice ball thrown by McGlone. He took second on Kinslow getting his first on balls, and third and home on Donovan's hit which McGlone fumbled slightly. The captain stole second, but was left there by Knight, who succumbed at first by Wheelock. Kinslow being left at third. Walker flied to Rooks at centre field. Shiebeck was thrown out at first by Higgins. London's stock took an upward turn about this time. Rooks then stepped to the plate for Detroit's half of the innings. He got to first on balls, and on Higgins three-base hit over Knight's head ran the circuit amidst great cheering. He reached home on Knauss' sacrifice hit to Shiebeck, whereby the striker died at first. Goodfellow did similar, and so did Wheelock by Pettie. Detroit, 4; London, 3.

Dickerson opened the eighth innings, but did not reach first in time. Higgins stopped him. La Rocque was hit by the ball and took first, but was caught at second on Prince's hit to Higgins, whereby the striker reached the first bag. He was left there by Pettie, who was thrown out at first by McGlone. Campau for the home team got to first on balls, and stole second on Kinslow hitting Walker on the back of the head in trying to throw him out. The Count then took third on a passed ball and ran home on Virtue's safe hit to left field. McGlone got to first on balls, stole second and went to third on Virtue's hit and home on Rooks' three base hit. Shafer also reached first in a similar manner to the others, and ran the circuit on hits by Virtue, Rooks and Higgins, the latter of whom reached first safely, stole second, but in trying to steal third was caught by Shiebeck through Kinslow's throw. Knauss got to first on balls and second on Goodfellow's hit but was left there by Wheelock, who flied to Dickerson at first. Detroit, 9; London, 5.

In the last inning Kinslow went out on a foul fly to McGlone at third. Walker struck out, and Shiebeck failed to reach first through McGlone's interference.

The score supplies the other details of the game requisite to a proper understanding of the different points:—

ALAS! POOR TORONTO!

Toledo, O., May 1.—Toledo won again from Toronto to day, although Toronto contributed to the victory by several bad errors. Cushman held the visitors down to a few hits, and while Toledo was more fortunate off Vickery, still the hits were so scattered that the score was kept down. The weather was cold and the attendance only 800. In the first for Toledo, a base on balls, two hits, two sacrifice hits and two errors yielded four runs, none of them earned. Toledo scored in the third on a hit by Werden, a bad throw by McGuire and a two-bagger by Shafer. Toledo scored again in the seventh on a hit, a sacrifice and a wild pitch. Toronto scored twice in the third on two bases on balls, a sacrifice hit and two errors. They earned another in the fifth and one in the eighth. The game was lifeless, as nearly everybody was frozen stiff. Score:—

HAMILTON KNOCKS OUT A VICTORY.
Syracuse, N. Y., May 2.—The Hamiltons hit Bishop hard to-day, knocking out a triple, five doubles, and six singles. An error by Batlin in the fourth, followed by hard hitting, gave the visitors four runs and the game. The weather was cold; the attendance 800, and the contest uninteresting. Big Bill Phillips made his first appearance with Hamilton and played a strong game.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind—no one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force and breaks up the most robust of constitutions, ignored, because but little understood, by most physicians, is impudently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into lands at once competent and trustworthy. The new and historic method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head, colds, sneezing, sniffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys. SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHIC SOLVENT, and IMPROVED INHALER, price, \$1.50. POTTER DRUG & CHEMICAL CORPORATION, Boston.

Royal Dandelion Coffee

A DELICIOUS AND NOURISHING BREAKFAST BEVERAGE

For purifying the blood and invigorating the system. In the herbs of the field and forest are found properties that antidote nearly all the diseases to which humanity is liable. It has been asserted that German Dandelion Root, when taken in proper quantities, acts directly upon the liver, producing healthy action, and through it making the whole system strong and vigorous. We have taken advantage of this property in the Dandelion, and have prepared a Breakfast Beverage of great excellence, incorporating in it a very high grade of fine Coffee and a proportion of this valuable herb.

The price is low enough to be within the means of all to take advantage of its rare qualities

We offer it to the public, confidently believing that it will be found satisfactory to all who give it a fair trial.
