INTERVIEW AUTHENTIC

Manchester Guardian Sticks to Story About Canadian Minister

CAMPAIGN RENEWED WITH GREAT VIGOR

Prospects of Three-Cornered Contests in Many Constituencies

LONDON, Dec. 28.—The editor of the Manchester Guardian refuses to accept the unnamed Canadian minister's repudiation of his alleged attack on Lord Lansdowne and the Unionist policy, and says its article is a perfectly correct statement of the views held and expressed by the Canadian minister.

The Morning Post says: "Nothing should be more fatal to harmony and unity between the nations of the empire than the growth of a habit of intolerance in each other's affairs." It refuses to accept the assurance of the Guardian that the interview is genuine, and quotes Sir Wilfrid Laurier's former utterance in favor of the preference. "If any Canadian minister had expressed his opinions at the present time on the merits of the policy of the two main parties, Sir Wilfrid Laurier would of course, insist on his immediate resignation."

The contestants on each side show reluctance to end the Christmas truce. Mr. Balfour is almost equivocal, and will be about equal soon, but is exercising great care to avoid contracting a fresh cold, in view of his year campaign which includes Hanley, Jan. 4; Ipswich, Jan. 6; Aberdeen, Jan. 10; York, Jan. 12; Bradford, Jan. 15 and Newcastle, Jan. 18. Lord Lansdowne winds up the campaign of the peers at Liverpool on Jan. 5th and at Salisbury on Jan. 7.

Army of Speakers

Surveying the field as a whole, nine thousand one hundred speakers will be at work continuously during the next twenty days, the total number of speeches being 368,000 and the words spoken 1,756,000. The seven million voters will receive at least sixteen million election addresses and sixteen million personal calls.

The Standard gives the position of the Unionist candidates as follows: Scotland and Wales now provided with Unionist candidates, with the exception of Durham (Mr. Durham (Houghton-le-Spring), Leicester (Mr. Bosworth), Cardigan and among the Unionists of Cardigan and the district of the north of the county, who are strongly of the opinion that the seat ought to be fought.

No Radical candidates down to last night had been adopted for the following constituencies: City of London (Mr. Holborn, Kensington (South), St. George's Hanover Square, Birmingham (West), Wigan, Bury St. Edmunds, Durham (North), Sussex (Hoveham), and the universities of Oxford, Cambridge, Glasgow, Aberdeen, Edinburgh and St. Andrews.

There are eight constituencies in which three-cornered contests are likely to be held. These are: South Devonport, Marylebone (East), Bristol (North), Cambridge (University), Holderness (Yorkshire), in Southampton, a two-member constituency, and three Unionist candidates and only one Radical.

Despite the assertions of the Liberal party to avert three-cornered contests by the adoption of both Liberal and Conservative candidates in many constituencies, such a division of forces is threatened in 76 constituencies, six in London, 12 in the provinces, 3 in Wales, and 15 in Scotland.

Multitude of Posters
With walls and fences covered with highly colored posters and placards, London is being turned into a vast picture gallery. Tories can claim artistic work for their posters than can Liberals. Among the new phrases exhibited are the following: "Radicals should again labor in the 'transvaal'"; "Radicals don't shout Chinese pork for British"; "Who shouted for Chinese slavery? The Radicals"; "Who shouted for Chinese pork? Have you heard of Radical free trade Chinese pork?"; "Ben Tillet, a well known trade unionist leader, in the 'Leader' protests strongly against the surrender of Labor to Liberalism. He says mutual arrangements are not only a surrender of principle but a betrayal of trust and authority"; "A well known Liberal is credited with saying that a half loaf is better than no bread, and it is better to have a majority of Socialists and Labor men than no majority at all"; "It is feared that through injury to his knee, Lord Milner will be unable to address any meetings for a fortnight"; "Party Chances"; "A modest article in the Morning Post expresses the view that London and the home counties are safe. It estimates that the following will be the result of the election: Unionists, 478; Liberals, 360; Nationalists, 82; Labor, 49"; "The Post editorially thinks that the raising of the constitutional issue has been a failure and urges the Unionists to bring tariff retorsion and vigorously on every occasion and victory will then be assured"; "The Daily News thinks the Liberal prospects in London are much brighter than a month back"; "The Liberal has withdrawn his candidature in East Manchester and the Socialist from South Bristol, thus leaving a straight fight in those constituencies"; "Canadian Pacific Earnings"; "MONTREAL, Dec. 28.—C. P. R. earnings for November were \$3,075,963; expenses, \$3,383,625; net earnings, \$52,337; increase, \$1,171,258."

MUTUALLY INJURIOUS

White and Black Races Living Side by Side Convey Diseases to Each Other

BOSTON, Dec. 28.—It is an unnatural biological condition to have two closely allied species of animals living side by side in the same area," said Dr. Charles W. Stiles of the United States public health and marine hospital services, in an address on the hook worm problem before the American society for the advancement of science tonight.

"The white man has brought diseases from Europe which are deadly to the blacks, and the negro has brought certain diseases from Africa which are spreading with serious results to the whites," added Dr. Stiles. He thought the new movement towards more modern sanitation in the south would in time overcome the hazardous resulting from two alien races living side by side.

More than thirty division meetings marked the second day of the convention of scientists. The address by Dr. Stiles was one of the most important in connection with the larger convention nearly five hundred delegates opened the five-day convention of the American Chemical society.

Commander Shipley says he has fed 1400 prisoners of war since December 24 and more are to arrive.

LIKELY TO BUILD KOOTENAY LINE

Proposed Construction of Fifty Miles of Kootenay Central Next Year

VANCOUVER, Dec. 28.—At the recent conference of western officials of the Canadian Pacific Railway, in Winnipeg, an appropriation, subject to the approval of the board of directors, was made providing for the construction of fifty miles of the Kootenay Central railway next year. There is every probability that the grant will be ratified.

It is proposed to start work early in March at or near Wardner station on the Crow's Nest Pass Railway. Engineers will likely be called for early in February.

The new line will open up one of the most fertile agricultural and fruit-growing districts in the interior, including the famed Windermere Valley. The route extends north through the Kootenay Valley and thence via the Columbia Valley to Golden, a distance of 100 miles. Completed surveys show maximum gradients not to exceed four tenths of one per cent.

"The C. P. R. owns in both valleys land grants aggregating two hundred and thirty square miles, most of which is available for agricultural or fruit-growing purposes. A number of pioneer ranchmen have already demonstrated the fruit-growing possibilities of the district."

These sheep could not have been purchased six weeks ago, or in the severe cold and snow, for less than \$6 per head. The snow has melted and the lack of food and exposure to cold, it is predicted, will cause great loss to sheep raisers. Cattle also are in bad condition.

NEW CRISIS FOR TURKEY

Grand Vizier Hilmi Pasha and His Ministers Forced to Resign

HAVE KEPT OFFICE SINCE FEBRUARY

Resignation Said to Be Due to Dissatisfaction of Young Turks

CONSTANTINOPLE, Dec. 28.—Hilmi Pasha, the Grand Vizier, resigned today. The immediate cause of the resignation is not known. But more than once recently attempts have been made in the chamber to overturn the ministry. It is believed that the committee which has been set up to decide upon a change in the ministry, because they have arrived at the conclusion that the policy hitherto pursued by the former grand vizier, Kiamil Pasha, which caused his resignation, were unjust.

The whole cabinet resigned this evening following the resignation of Hilmi Pasha, the grand vizier, who withdrew from the ministry earlier in the day. It is reported that serious conflicts have continued at Bagdad, but this is not confirmed at present.

Hilmi Pasha was appointed grand vizier by the Sultan on the resignation of Kiamil Pasha on February 14, 1909. Soon after its formation the chamber of deputies, elected by the people, presented a dissenting voice, voted confidence in the ministry, after the government's policy was explained to the chamber. The committee of Union and Progress, which was the moving spirit in the formation of the cabinet, since the change in the administration occurred, retained a firm grip on the government since the early part of September that the cabinet would resign or be forced to offer its resignation. The committee demanded the resignation of the minister of public works, and the minister of agriculture. This has been much active opposition also in the chamber to the grand vizier, whose programme did not satisfy the wishes of the young Turks.

TAKEN ON SUSPICION

Vancouver Police Arrest Two Men Thought to Have Burglarized Jewelry Store

VANCOUVER, Dec. 28.—Detectives McAlester and Thompson yesterday captured H. L. Bissonette and Archie Anderson, suspected of burglarizing the Wrights jewelry store at 244 West-12th street, on Sunday night. More than \$500 worth of jewelry was included in the haul. The store was broken into through the front window with a burglar's jimmy. The blinds were drawn over the front windows, and the burglars entered the store through the back door. The constable could not see within the store on account of the darkness. The police were alerted this morning on account of the burglary. Anderson and Bissonette for several days and have reasons to believe they know something about this particularly burglary, and perhaps some of the numerous others.

In the police station this morning vagrancy charges were read to the prisoners, and each pleaded guilty, saying he admitted he had no visible means of support and was without money. They were remanded to jail Thursday, where they will remain until the police investigate them further.

In eighty plans given to the wireless improvements and certain books of the confident character which are issued to officers only.
