DURRANT CAUSES A SENSATION.

A Clergyman and a Prominent Young
Man of the Church Seen Bending
Over the Body of Blanche
Lamont.

San Francisco, Oct. 26.—The mysterious statement which Theodore Durrant addressed to his attorneys, and over which there has been so much speculation, was placed in the hands of the attorneys for the defence before Mr. Deupey made his opening statement to the jury. Every effort has been made to keep these facts secret, but they have leaked out. Durrant's attorneys knew his secret then, and know it now.

In giving his sealed statement to his.

The crown and the Alleged Conspiracy. The Crown officials are busily working up evidence, with a view to introducing testimony as to the attempt to insure Mrs. Hyams' life. An application will probably be made before the full court during the week to admit the evidence.

Should the decision be favorable to the defence, and in the event of an acquittal of the twins on a charge of murdering Wells, they will be prosecuted on a charge of conspiring to murder Mrs. Harry Hyams.

It will be remembered that Judge Ferguson is the judge before whom MacWherrell was convicted of the murder of Mr, and Mrs. Williams.

know it now.

In giving his sealed statement to his attorneys, Durrant made a special written request that it was not to be opened until after the trial, and then only after conviction. If the jury brought in a yerdict of acquittal, or if there was a disagreement, then the document, with the seals unbroken, was to be returned. The attorneys sought the advice of others, and finally determined to open the letter. What they read was a revelation. If what he said was true, he should be the leading witness for the state in a case agains; a brace of murderers, instead of a man defending his own life against tremendous odds.

He told his attorneys that he knew the murderers of Blanche Lamont, for there were more than one. He informed his lawyers that when he ascended to the upper galleries of Emanuel Church, he saw the last details of a murder.

He wrote in his letter that he saw the Rev. J. George Gibson and a young

murder.

He wrote in his letter that he saw the Rev. J. George Gibson and a young man prominent in the affairs of the church bending over the body of Blanche Lamont.

Blanche Lamont.

How the attorneys accepted this statement is best judged by their actions. They deny that they received the statement, forgetting that they did not keep their own secret. Their client denies that he sent it, forgetting that he had gone so far in his original and sensational plan.

Attorney Eugene Deupey is still very weak, and it is by no means certain that he will appear again in the case. Gen. Dickinson says he will close at noon on Tuesday, and a verdict may, therefore, be confidently expected not later than Friday.

upon myself therein and on the Anglo-Canadian Farm Pupil Association which I represent, I cannot allow the same to go unchallenged.

I will merely make a broad statement that the letter which you published from Mr. E. Richardson to D. Spence, secretary of the Ontario Immigration Department, was entirely uncalled for and submit in support thereof the following letter from Mr. Richardson, which speaks for itself:

East Flamboro, 18th Oct., 1895.
F. R. Davidson, Esq.

Dear Sir,—In the letter written by me to D. Spence of the Department of Immigration in Toronto at their request, I beg to apologize for some details not being correct, and I also apologize for opening a letter in Toronto addressed to you from Mr. Asp-

ronto addressed to you from Mr. Asp-din which I was to deliver to you, as-both these have been published in The Toronto World of Oct. 17th, 1895, and copied into the Hamilton papers. I am very sorry they have been made public property without my knowing it. Hoping that you will accept my apology, I am Yours etc., (Sgd.) E. RICHARDSON.

(Sgd.) E. RICHARDSON.

The second part of the apology in the above letter refers to a letter which was sent by Mr. Aspdin to me, and to be delivered to me by Mr. Richardson. On his arrival at the station in Toronto he was met by one of the officials of the Ontario Immigration Office, and at the instigation of the official the letter was opened. It was, I have reason to believe, opened by both parties, that is, by the immigration of the control of the official the letter was opened. both parties, that is, by the immi-gration official and Mr. Richardson jointly. Such reprehensible conduct cannot be justified in any way, not even on legal or moral grounds. No doubt the plea of public policy or pri-vilege will be put in, but I intend to show that this cannot prevail. There vilege will be put in, but I intend to show that this cannot prevail. There is no doubt whatever but that the discontent which has been bred in the mind of this young man was induced by the action of the Immigration Department of the Ontario Government, for had it not been for such there would have been no such feelings of discontent aroused. This is shown by a letter which I have from the other young man, a Mr. Lewis, who is at the same place as Mr. Richardson is.

East Flamboro, Oct. 18, 1895.

F. R. Davidson, Esq.: Dear Sir.—I wish to express to you my satisfaction with my experience with farming since I came here. I may say that everything is very comfortable and that I am getting on well. I am also thankful to you for the interest you have taken in my welfare. I am,

(Sgd.) E. LEWIS.

Surely the Ontario Immigration Department have something further to do than to open private letters and to-raise discontent and discouragement

to raise discontent and discouragement in the minds of young men who will as they have done in the past prove good and useful citizens, I am,

Yours truly, F. R. DAVIDSON. The Patient Mule Must 60.

Tonawanda, N.Y., Oct. 27.—The formal test of the Lamb cableway motor system was made Saturday afternoon. A speed of four or five miles an hour was developed. It is safe to say that the era of the patient canal mule is ended, and electricity has again supplanted muscle as a motive prover. planted muscle as a motive power. We have no hesitation in saying that Dr. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, sea sickness, etc. It promptly gives relief, and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

BUSINESS EMBARRASSMENTS. The creditors of Lockhart & Co., grocers, this city, will meet at E. R. C. Clarkson's office to-day. The business is likely to be continued.

The trial will open on Tuesday, Nov. 6, before Judge Ferguson, and the defence claims that a large amount of new testimony will be introduced, which will extend the case beyond the 15 days it occupied at the first hearing.

Provisions quite dull and averaged a shade higher than yesterday's closing. Towards the close there was free selling of long October ribs at the lowest prices yet touched. The buying of the day was covering of scattering shorts. Large receipts of hogs are expected the coming week and lower prices are most probable.

Corn opened steady at last night's close. Primary receipts to-day, 260,-000 bushels, against 144,000 bushels same day last year. Corn broke sharply toward the close, caused by local traders who were long. November and December options, and trying to unload it, got panicky, and threw it over regardless of price, depressing December to 27 7-8c, nearly a cent from high point.

Provisions dull, but heavy and locks
