In Advanced Years The strength and pure blood necessary to resist the effects of cold seasons are given by Hood's Sarsaparilla. "I have for the last 25 years of my life been complaining of a weakness of the lungs and colds in the head, especially in the winter. Last fall was again attacked. Reading of Hood's Sarsaparilla it was led to try it. I am now taking the fifth bottle with good results. I can positively say that I have not spent a winter as free from coughs or pains and difficult breathing as the last 25 years as was last winter. I can sit down and sleep all night without any languor or cough or pain in the lungs or aches in the head."
