# EARLY PLANTING

OFTEN SPELLS

# SUCCESS

THOSE planters who have had to wait weeks in the spring after their ground was fit to plant, realize what it means to get Trees from the Nursery **EARLY**.

The sheds shown in the illustration have a space of 30,000 square feet. No rain, bad weather, or wind to stop packing or injure the stock by exposure.

If you have not placed your order for Trees, consider the advisability of placing it with a firm that can give you the very best stock **EARLY**. This very important feature may mean **success** or **failure** in your planting. I have every facility for packing with care and dispatch and solicit your patronage.
