

PUBLISHER'S DEPARTMENT.

ADVICE TO MOTHERS.—Mrs. Winslow's SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as bright as a button. It is very pleasant to taste. It soothes the child, softens the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

When the Mason & Hamlin Company announced the accomplishment of a great improvement in Upright Pianos, which they would soon give to the public, much was expected, because of the vast improvements which had been effected by them in reed instruments, and the acknowledged superiority of their organs. These expectations were fully justified by the pianos which they are producing, which have extraordinary purity and refinement of tone. Every mechanic will see that the peculiarities of their construction must add greatly to their durability and especially their capacity to keep in good tune.

This company have as great a future in their pianos as they are already realizing in their organs, which are confessedly unequalled among such instruments.—Boston Traveller.

Mr. WILLIAM PAVEY, Woodstock, Ont., writes, "I have used WESTAR'S BALSAM OF WILD CHERRY for the last twenty five years, and have found it a never failing remedy for all diseases of the lungs. I would strongly recommend it to all persons with weak lungs, or inclined to consumption."

JOHN J. HALL & CO., Druggists, in the same place, write, "This is to certify that the above testimonial of Mr. Pavey we consider a very valuable one, on account of the writer's reputation and good standing in this community. He tells us that he cannot speak too highly of the virtues of Balsam and was pleased to have an opportunity to testify in its favour. We have no medicine in our store that we think so highly of, and that gives so universal satisfaction."
