Scientific and Useful.

LEMON PUDDING.—The juice and grated
rind of one lemon, one cup sugar, two eggs,
three tablespoonfuls flour, and one pint of
milk. Line a dish with paste, pour in the
custard, and bake until done. Whip the
whites of two eggs to a froth, add four table-
spoonfuls sugar, spread on top and brown.

CREAM SPONGE CAKE.—Four eggs, whites
and yolks beaten separately, two teacups of
sugar, one cup of sweet cream, two heaping
cupfuls of flour, one teaspoonful of soda; mix
two teaspoonfuls of cream of tartar in the
flour before sifting. Add the whites the last
thing before the flour and stir that in gently
without beating.

APPLE CUSTARD.—Take one teacupful of
finely stewed apples, one teacupful of milk;
beat an egg in the milk, sweeten the apples,
then put them together; flavour to suit; bake
like any other custard. If desired, another
white of an egg can be beaten and put on the
top, as in lemon pie.

FOR CHOLERA. Take a teaspoonful of
Perry Davis' Pain-Killer in hot water, sweet-
ened with sugar. Bathe the stomach and
bowels freely with the Pain-Killer at the
same time. If the attack be severe and at-
tended with cramps and diarrhoea, repeat the
dose every fifteen minutes, using hot fomen-
tations on the bowels. In extreme cases the
dose may be increased to a tablespoonful.

TO BOIL ASPARAGUS.—The way to boil
asparagus is to cut the stalks of equal lengths,
and place them, ends upward, in a deep
saucepan. Nearly two inches of the heads
should be out of the water—the steam suffic-
ing to cook them, as they form the tenderest
part of the plant, while the hard stalky part
is rendered soft and succulent by the longer
boiling which this plan permits.

HE ACTED WISELY.—"I am so weak I
can hardly move, all run down with a Chronic
Summer Complaint, said one gentleman to
another on our street the other day. "Now,
take my advice," replied his friend, "go to
your Druggist and get a bottle of Dr. Fowler's
Extract of Wild Strawberry. I never have
known it to fail in curing any kind of Sum-
mer Complaints."

TAPIoca OR SAGO CREAM. Wash
thoroughly one cup of tapioca or sago and
let it soak over-night in an earthen dish with
one pint of water. In the morning add one
quart of milk, a small teaspoon of salt, and
boil two hours in a double boiler. Just be-
fore it is done beat three eggs, one cup of
sugar, and a half-teaspoon of vanilla, and stir
them into the tapioca. The whites can be
reserved for a meringue, but in that case the
tapioca must be put into a pud ling dish, the
meringue spread over it and placed in the
oven till the egg is cooked and has the faint-
est yellow shade.

ROAST SHAD.—You must have a fine fat
shad to be able to cook it in this manner.
Clean and scale your fish, make several slits
down the sides, do not cut too deep, and soak
for an hour in olive oil, season with salt, pep-
per, parsley and thyme; turn the fish several
times while soaking, roast and baste it with
the olive oil. Dish it up on a napkin and
garnish with fresh parsley. The best man-
ner to carve such a large fish is to make a
deep incision down the back from head to
tail, and then cut off slices down the side.
Ten good helpings ought to be cut off a shad
twenty-five inches long without touching the
inferior parts of the fish. Cut off the fins
before serving. The roe of the sturgeon is
excellent.

JAMES PYLE'S PEARLINE is considered
the best washing compound of the day, by all
who once give it a trial. It cleanses the most
delicate fabric without injuring it. Sold by
all grocers.

GINGERBREAD (GERMAN RECIPE)—Take
1 1/2 lb of honey, and having melted it over
the fire in a very clean saucepan, pour it out
into a basin, which must have been warming
during the time. While the honey is quite
hot stir into it 6oz of moist sugar, 6oz of
sweet almonds, blanched and cut into thin
slices; 1 1/2 oz. of pounded cinnamon, and 3oz.
of caudied lemon, finely sliced. Stir these
well together, and gradually add as much
flour as will make it into a stiff paste; roll it
out several times until quite smooth and stiff,
and about half an inch or less in thickness.
With a sharp knife divide it into cakes, place
them on buttered tins, and bake in a moder-
ate oven until they are a pale-brown colour.

preparation, and fills a long felt want. It is very

Listen to Your Wife.

The Manchester Guardian, June 13th, 1883,

says:
At one of the
"Windows,"
Looking on the woodland ways! With
clumps of rhododendrons and great masses
of May blossoms!!! "There was an in-
teresting group.

It included one who had been a "Cotton
spinner," but was now so

Paralyzed!!!
That he could only bear to lie in a reclin-
ing position.

This refers to my case.
I was Attacked twelve years ago with
"Locomotor Ataxy."

(A paralytic disease of nervo fibro rarely
ever cured) and was for several years barely
able to get about,

And for the last Five years not able to
attend to my business, although

Many things have been done for me,
The last experiment being Nervo stretch-
ing.

Two years ago I was voted into the
Home for Incurables! Near Manchester,
in May, 1883.

I am no "Advocate"; "For anything
in the shape of patent" Medicines!

And made many objections to my dear
wife's constant urging to try Hop Bitters,
but finally to pacify her—

Consented!!!
I had not quite finished the first bottle
when I felt a change come over me. This
was Saturday, November 3rd. On Sunday
morning I felt so strong I said to my room
companions, "I was sure I could

"Walk!"
So started across the floor and back
I hardly knew how to contain myself. I
was all over the house. I am gaining
strength each day, and can walk quite safe
without any

"Stick!"
Or support.

I am now at my own house, and hope
soon to be able to earn my own living again.
I have been a member of the Manchester
"Royal Exchange"

For nearly thirty years, and was most
heartily congratulated on going into the room
on Thursday last. Very gratefully yours,
JOHN BLACKBURN.

HAVE YOU

Hot and dry skin?
Scalding sensations?
Swelling of the ankles?
Vague feelings of unrest?
Frothy or brick-dust fluids?
Acid stomach? Aching loins?
Cramps, growing nervousness?
Strange soreness of the bowels?
Unaccountable languid feelings?
Short breath and pleuritic pains?
One-side headache? Backache?
Frequent attacks of the "blues"?
Fluttering and distress of the heart?
Albumen and tube casts in the water?
Fitful rheumatic pains and neuralgia?
Loss of appetite, flesh and strength?
Constipation alternating with looseness
of the bowels?
Drowsiness by day, wakefulness at
night?
Abundant pale, or scanty flow of dark
water?
Chills and fever? Burning patches of
skin? Then

YOU HAVE

BRIGHT'S DISEASE OF THE KIDNEYS.

The above symptoms are not developed in any
order, but appear, disappear and reappear until the
disease gradually gets a firm grasp on the constitu-
tion, the kidney-poisoned blood breaks down the nervo
system, and finally pneumonia, diarrhoea, bloodles-
ness, heart disease, apoplexy, paralysis, or con-
vulsions ensue and then death is inevitable. This ter-
rible disease is not a rare one—it is an every-day
disorder, and claims more victims than
any other complaint.

It must be treated in time or it will gain the
mastery. Don't neglect it. Warner's BRIGHT'S Cure
has cured thousands of cases of the worst type, and
it will cure you if you will use it promptly and as di-
rected. It is the specific for the universal
