**CONDITION OF THE MARKET.**

Builders' supplies for the past week have been somewhat active, and prices are firm. In general hardware a very satisfactory business is reported. The receipts for cement at Montreal for the week ending Sept. 22 were 4,750 barrels. Orders are being received principally for car lots, and prices remain unchanged. Firebricks are steady at from \$15.50 to \$22 per thousand. The demand for iron pipe and galvanized iron is good, and shipments are comparatively large. Glass and paints and oils are quiet.
